Resumption of Shook Production Averts "Calamity"

—Says J. R. J. Stirling, B.C.F.G.A. President

Works Program Delayed

Mechanical Equipment's Non-Arrival Hampering Program's Execution

Reference to the delay in the execution of the civic works program as authorized by by-laws last year was partially explained by Mayor David Howie at the City Council meeting Monday evening. His remarks were further amplified by city engineer F. G. deWolf.

The program authorized by the by-laws amounting to \$238,000 has been delayed primarily by the possibility of obtaining mechanical equipment, states Mr. deWolf. As the estimate of the cost was based on the implementation of the work by mechanical equipment and pipe of all sizes, including 17,000 feet of 12-inch pipe were ordered last October. The only piece of equipment so far received is the bulldozer.

When the by-laws were submitted, it was intended to complete the waterworks program before the winter. Plans were carried out. Otherwise most of the streets along which pipelines are to be laid would have to be torn up twice.

Equipment and materials including a three eighth yard Inley shovel, a bulldozer, gang mower, and pipe of all sizes, including 17,000 feet of 12-inch pipe were ordered last October. The only piece of equipment so far received is the bulldozer.

"The delay is due entirely to strikes both in the United States and Canada," states Mr. deWolf, "and the supplies will not even give us any prospective date of delivery."

There is, however, one ray of hope. It is expected that the first shipment of pipe for the trunk water main will arrive next month and if a mechanical shovel can be rented, work on this project will commence in July.

Stanley I. Hogan's offer of \$230 for two lots on Seventh Street was accepted. A veteran, he plans to build a carpenter's shop on the property and a headquarters for his business.

A. N. Jakeman's offer of \$25 for a portion of Shuswap Avenue which borders his property and Civic Works.

Business Men's Bureau Favors Wednesday Closing

Petition Seeking Change Prepared For Submission to City Council

The Business Men's Bureau of the Vernon Board of Trade Friday evening endorsed the steps being taken to change this city's midweek business holiday from Thursday to Wednesday. The Bureau also went on record as favoring the adoption of a full day holiday on the Wednesday.

The preliminary negotiation which has been made by the executives of Bureau in Vernon, Kelowna and Penticton were described to the meeting by W. Macdonald.

Reports received by The Vernon News late Wednesday afternoon indicated that there is not unanimity of opinion on Wednesday closing throughout the Okanagan. In Penticton, where Wednesday closing is supposed to be an accomplished fact, food stores refused to recognize the change while in Kelowna it is reported that there is now a movement afoot to retain Thursday as closing day.

He explained that the matter was brought to a head when Penticton decided to change.

Business Bureau (Continued on Page 5, Col. 8)

Potatoes, Onions Show Big Increase in Acreage This Season; Cabbage Down

Vegetable acreages for the Okanagan horticultural district show increases in all varieties planted this season except cabbage, celery, carrots and beans, according to estimates released this week.

Early potatoes are up to 871 acres as against 644 in the district as a whole last year, with 102 acres planted in Armstrong and Endorby as against 107 last year, and 200 in Vernon and Lumby with only 180 in 1945. This is the largest potato producing area listed. There were only 220 acres of late potatoes under cultivation in Vernon and Lumby last year, as against 270 this season, with an overall increase of both early and late plantings of 308 acres over 1945.

Onions are up in this district to 489 acres as against 325 in 1945. Tomatoes show an increase of 85 acres in Vernon and Lumby area, being 923 as against

837 in 1945, but a decrease in the district of 95 acres.

One hundred acres, an increase of six acres, is planted in lettuce at Armstrong and Endorby.

Pears are booming, there being 2,118 acres sown for drying in the Okanagan, of which 1,048 are in Armstrong and Endorby areas.

There are 270 acres in cantaloupes in the South Okanagan, an increase of 70 acres over 1945, and in Koremoos ranchers are going in for this fruit in a big way; 84 acres being planted this year as against four in 1945.

The acreage planted in cabbage is down more than 50 percent. Celery is reduced by sixteen acres, with 66 acres sown in this vegetable in Armstrong, the area where it does the best on the famous "bottom land." Carrots are down 101 acres and beans 65 acres.

At the Victory Day Parade

Demonstrating that their marching precision is equal to that of any Guards' unit, proud Canadians march past their King in the Victory Day Parade in London. This latest photograph of the reviewing stand shows King George taking the salute, with Queen Elizabeth at his side. Other members of the Royal family on the stand included the Queen Mother, the Princesses Elizabeth and Margaret

Rose. To the right of the stand, from left to right, are: Prime Minister Clement Atlee, former Prime Minister Winston Churchill, Prime Minister Mackenzie King and Prime Minister Jan Smuts of South Africa. Arrow to the left of the stand points to His Excellency, Viscount Alexander, Governor-General of Canada. Leading the detachment is R.S.M. W. J. Dean, M.M., of Hamilton, Ont.

Veterans Query Lack of Rental Houses in Vernon

Vernon Branch of Canadian Legion Will Make Strong Representations For Homes

The Vernon branch of the Canadian Legion is going to take immediate steps to demand that something be done to secure houses for rental in this city. The whole subject was thoroughly discussed at the regular monthly meeting of the branch Tuesday evening, a large meeting that was noted to be composed predominantly of veterans of World War II.

The opinion was expressed that Vernon is losing many desirable citizens because there is no housing accommodation for them. This situation has been hanging fire for several months and the veterans wanted to know why no action is apparent in the city.

The meeting was informed that the Wartime Housing Ltd. will not build in Vernon while there are army huts available for recon-

version. It was also learned, however, that the City of Vernon has so far had no success whatever in trying to secure some of these huts.

The veterans agreed unanimously that the Legion housing committee should immediately make a study of the entire situation and take whatever action may be necessary to secure houses. Feeling was obviously very strong at the meeting and representations by the veterans are likely to be forcefully worded and presented to city and governmental authorities.

The meeting was informed by E. W. Frowse, president, the branch probably will be in a position to move to the new building about July 15. By that time alterations to the ground floor to provide club rooms should be completed.

During the course of the meeting Mayor David Howie, president of the branch in 1944 and 1945, was presented with a past president's pin and tribute was paid to his work on behalf of the Legion.

The year's first carnival of cherries moved out yesterday, with two to follow Friday and three on Saturday. Recent rains in the Oliver-Osoyoos area caused about a 20 percent split of the crop, but these have been marketed to processors.

In vegetables a little more than 20 cars of lettuce, mostly from Armstrong, have been shipped. The price is holding at \$4.15 a crate but on Monday Chinese dealers at the demand quoted \$3.50. The lack of demand is caused principally by marketing local supplies in southern Alberta and Manitoba.

Prices on hot-house tomatoes have declined from \$5 to \$4.25 per crate and may go lower. "Rougher" competition is being experienced from Saskatoon and Medicine Hat areas. Cabbage is currently selling at \$70 a ton, but its production is being quoted at from \$50 to \$55.

Production of cucumbers from Oliver-Osoyoos is coming ahead quickly and on Wednesday values declined from \$2.50 to \$2 and may go lower.

With a quota of \$4,300 and an objective of \$4,500 for the Anglism Advance Appeal, "A.A.A." All Saints Parish has raised \$4,875 with more coming in, so Rev. Canon H. C. B. Gibson announced at a thanksgiving service held Sunday morning.

Lumby parish, with a quota of \$210, has already sent in \$384. Endorby and Armstrong are well "over the top" and so is Salmon Arm. Gibson has released his objective with donations still being made.

P. S. Sterling of Vernon was organizer for the North Okanagan Donors, and had charge of mailing pre-campaign literature and organizing the canvases.

Western O.C. Visits Vernon Military Camp

Major General F. F. Worthington, C.B.E., M.C., M.M., G.O.C. Western Command, paid a flying visit to Vernon on Tuesday. He arrived here by air at about 11 a.m. and left at 2 p.m. for Kelowna and from there he was leaving for Vancouver to be in the Coast city by 6 p.m.

Accompanied by Lt. Col. R. A. Keane, D.S.O., of Western Command, Capt. T. Moore, of M.D. 11 and Lt. Col. M. S. Brown, D.S.O., district engineering officer, the General inspected the Vernon camp, paying particular attention to the Military Hospital. On his inspection tour of the camp the party was accompanied by Mayor David Howie and Alderman Cecil Johnston.

Season's First Cherries Move

Load Lifted From Sales Agency as Resumption Of-Mill Work Promised

The sales agency is "very greatly relieved" at the prospective resumption of work in box shock factories, so A. K. Loyd, President of B.C. Tree Fruits Ltd., declared Wednesday afternoon. "The strike was complicating the agency's problem in half a dozen different ways," he added.

Seasonal shipments are just commencing and to date 27 cars, mostly vegetables, have gone forward. The year's first carload of cherries moved out yesterday, with two to follow Friday and three on Saturday. Recent rains in the Oliver-Osoyoos area caused about a 20 percent split of the crop, but these have been marketed to processors.

In vegetables a little more than 20 cars of lettuce, mostly from Armstrong, have been shipped. The price is holding at \$4.15 a crate but on Monday Chinese dealers at the demand quoted \$3.50. The lack of demand is caused principally by marketing local supplies in southern Alberta and Manitoba.

Prices on hot-house tomatoes have declined from \$5 to \$4.25 per crate and may go lower. "Rougher" competition is being experienced from Saskatoon and Medicine Hat areas. Cabbage is currently selling at \$70 a ton, but its production is being quoted at from \$50 to \$55.

Production of cucumbers from Oliver-Osoyoos is coming ahead quickly and on Wednesday values declined from \$2.50 to \$2 and may go lower.

With a quota of \$4,300 and an objective of \$4,500 for the Anglism Advance Appeal, "A.A.A." All Saints Parish has raised \$4,875 with more coming in, so Rev. Canon H. C. B. Gibson announced at a thanksgiving service held Sunday morning.

Lumby parish, with a quota of \$210, has already sent in \$384. Endorby and Armstrong are well "over the top" and so is Salmon Arm. Gibson has released his objective with donations still being made.

P. S. Sterling of Vernon was organizer for the North Okanagan Donors, and had charge of mailing pre-campaign literature and organizing the canvases.

Okanagan Relieved at Government's Decision To Appoint Controller

BREATHING SPELL

AN EDITORIAL

Now that the Dominion government has taken steps towards saving the Okanagan Valley's fruit and vegetable crops, it must assume some additional responsibility for seeing that the box shock material is provided.

Obviously, the Okanagan's own resources are insufficient following the complete 36-day shutdown, to provide on time the immense quantity of shook that still must be delivered.

Help from the outside must be forthcoming; and it is the plain duty of the government, if its assumption of control is to be fully implemented, to order Coastal area mills to produce for the tree fruit and vegetable areas.

The Timber Controller is the responsible party. His office already has sufficient powers to compel routing of shook to the Interior. Those powers must be used to the extent that Interior output at peak is insufficient to supply the demand.

The government's order of resumption of work has brought no settlement of the issues as between the workers and the operators. What has transpired so far is merely to assure that the Valley's output of food will be saved.

The three paramount issues—wages, hours of labor, and union shop—must still be negotiated. To this end the Chief Justice of British Columbia is to act for the Southern Interior section, which he has not hitherto done.

For the welfare of the fruit industry and of the Okanagan these issues must be resolved so that the industry will not be tied up through labor-management disputes at critical periods in the year.

Modern Hotel Sought for Vernon by Board of Trade

City Council Agrees in Principle on City Hall Site Purchase Concessions

Any responsible party which seeks to purchase the present City Hall property on Barnard Avenue for the construction of a modern, first-class hotel will find the City Council prepared to make concessions regarding the purchase price of the property. This was agreed in principle by the mayor and aldermen on Monday evening after hearing the representations of a delegation from the Vernon Board of Trade.

I.W.A. Airs Its Grievances

Vancouver, Interior Representatives Give Saga of Negotiations

Interior shook mills are now preparing to reopen under orders from a Government controller, but this story is carried as it reflects the pattern of the weeks' events.

According to Vernon Carlyle, I.W.A. representative, woodworkers will go back to their jobs if the operators will consent to the publication of a three-man board. The woodworkers pledge they will accept its findings as final, if the operators will do likewise. This board would consist of representatives of the strikers, the operators; and possibly a judge. What is going on, said Mr. Carlyle, the men will return to work, and thus save the Okanagan Valley fruit crop. These statements were made at a meeting in the Okanagan Legion Centre Tuesday night.

W. Langmond, speaking prior to Mr. Carlyle, charged that the Canadian Manufacturers Association is the chief opposition encountered in the Interior by the International Brotherhood of America in the current strike.

Mr. Langmond also declared that the Saskatchewan Government is being contacted by the I.W.A. in an endeavor to obtain the entire output of the Prince Albert Box factory for this area, "which would be ready to bring in rather than see this crop fail."

Both Messrs. Langmond and Carlyle insisted that the men will return to the factories and mills if the Government will back the operation of the woodworkers' employers and representatives of the woodworkers settle their differences.

The speakers declared that telegrams had been sent to Provincial and Federal Governments urging this step be taken.

The meeting, declared Mr. Carlyle, was called to "combat propaganda" and was a public one.

I.W.A. Airs (Continued on Page 6, Col. 5)

Crop Saved if Mills Achieve Peak Output And Substitute Containers Are Secured

Demands of the B.C.F.G.A. that if no other means could be found to end the deadlock in the Interior box shook manufacturing industry that the government take over control of the mills were answered on Tuesday with the appointment of Gordon Bell, of Vancouver, as controller and the announcement that production would be resumed at noon on Wednesday. The deadline for the resumption of operations was set back 24 hours on Wednesday but this morning, Thursday, mills throughout the Interior had either begun to operate or were preparing to.

Nurses to Affiliate With Union

Intimated Jubilee Hospital Staff to Organize Shortly

Nurses on the staff of Vernon Jubilee Hospital will shortly affiliate with a Union for members of this profession, falling in line with the staffs of Vancouver General and St. Paul's Hospitals and similar institutions throughout B.C.

A schedule of requirements drawn up by the Registered Nurses Association of B.C., and circulated widely in medical circles throughout the Province, includes clauses as follows:

That hours of duty for nurses shall not exceed those of other professional women; namely a 44-hour week, with one full day off in seven, and a free period of 16 hours when changing shifts. One month's vacation each year with full pay, to "build up health reserves"; and, if desired at the expiration of six months, two weeks' holiday be allowed, also with pay.

Nurses to be allowed to choose where they live and board; with cost of laundry of uniforms to be borne by the institution where employed;

work immediately giving the best efforts they have to the production of box shocks, the Okanagan fruit crop may yet be saved and thus a calamity will have been averted that would otherwise have affected every man and woman in the fruit growing area.

When the strike was called on May 15, just 30 percent of the season's requirements of all types

Memorial Drive Opens June 24 with \$20,000 Objective

"Buy a Brick" Slogan of Campaign; Canvass of Entire City is Planned

Vernon citizens will be asked during the ensuing two weeks to give tangible expression of their gratitude to the returned servicemen and women of this city and district. Commencing on Monday, June 24, a campaign will be launched to raise \$20,000 by public subscription. Of this amount, \$15,000 will be used to purchase the Canadian Legion Centre outright, and present it to the Vernon Branch, Canadian Legion, as a gesture of appreciation to the men who were spared to return. The remainder is for the addition to the Cenotaph of bronze plaques engraved with the names of the fallen; improvements to the grounds; and a small cash balance to go with the Centre to the Legion so that a few minor alterations can be made to increase its usefulness.

This will be Vernon's Memorial Drive. "If your expressions of gratitude mean anything, now is the time to show it. This time you are working for your own men," said Alderman Walter Bennett, chairman of the campaign to a meeting of representatives from various city organizations last evening.

Wednesday, twenty-eight persons attended. Mayor David Howie turned the chair over to Alderman Bennett, after a few introductory remarks.

Mrs. F. G. deWolf will be secretary-treasurer of the drive. The city will be canvassed on the same lines, and in some cases by the same persons representing Vernon organizations, as in Red Cross and other campaigns. The zone system will be used.

Memorial Drive (Continued on Page 4, Col. 3)

Air Veterans Will Attend Meeting To Discuss 'Port Bylaw'

Members of the City Council, the Vernon Aviation Council and numerous civic organizations in addition to former members of the R.C.A.F. will attend the public meeting in the Burns Hall Friday evening when the airport by-law will be discussed.

A representative gathering of men who have knowledge of air port requirements is being sought so that the ratifiers may be fully informed as to the suitability of the site north of the Landing arm of Okanagan Lake.

One of those who will speak will be Bob Milnes who intends to operate a flying school and charter air service here, as soon as airport facilities are completed.

Mayor David Howie has expressed the hope that attendance at this meeting will be large.

Golden Eagle, 11 Year Old Boy Fight to the Death

Plucky, 11-year-old Lorne Rugg, son of Mr. and Mrs. G. Rugg, fought a hand to hand battle with a Golden Eagle on Wednesday evening of last week—and won.

The youngster was riding out to bring in the cows which were feeding on the range of his father's BX farm, just above the irrigation ditch. Before he had reached the cattle he noticed a Golden eagle stalking a pheasant on the ground.

Without giving the matter much thought, the boy leaped from his horse and rushed toward the bird. It turned, flew a foot or two into the air and attacked. Lorne timed a counter-attack carefully and kicked hard as the eagle closed in on him and snatched eagerly with the toe of his shoe.

The eagle was partially stunned, though struggling frantically to claw the youngster with its vicious talons. Lorne jumped on the bird, stunning it further and then left it to find a stick with which to finish it off.

Absolutely exhausted after what had been a desperate struggle, the boy returned home and told his father what he had done. The dead eagle, when measured, was found to have a wing span of six feet, six inches. Mr. Rugg is proud of his fearless young son and realizes that he was lucky to come through the encounter unmarked. If the eagle had managed to get its talons into the boy's blow from its powerful wings or a lunge with its bayonet-like beak could have inflicted serious injuries.

Eagles have caused damage to farmers' livestock in this district by attacking newborn calves and sheep. They also prey on game birds.

One or two Bald-headed eagles also have been seen in the BX district recently.

the Bay

Vacation HEADQUARTERS

KIDDIES' SWIM N' SUN SUITS

99c

For a full share of sunshine and fun the little miss will live in these. Cotton prints and bengalines in dainty styles, some with flared skirts. Sizes 2 to 6.

KIDDIES' PLEATED SKIRTS

Merging of United, Anglican Churches Discussed Here

Sixty-five clergy and lay delegates from the Okanagan, as well as east and west Kootenay are in Vernon this week, attending the Synod of Diocese of Kootenay in All Saints' Church. The program is a lengthy one, and it is expected to conclude today.

In his charge to the Synod, Most Rev. W. R. Adams, Archbishop of Kootenay referred to the question of fuller co-operation with the United Church, and the discussions taking place between the leaders of both churches. "Nothing has as yet been finally agreed," stated Archbishop Adams. "Nothing in the way of Union is now contemplated. Nothing except examination and discussion of the plan will happen for at least two years. It is a scheme of co-operation, safeguarding and retaining both bodies as separate units, though none can tell what might be the eventual issue a generation or two later."

Dr. H. R. Trumpp, principal of Anglican Theological College, Vancouver, addressed the Synod on Wednesday on the work of training young men for the ministry, and outlined briefly plans for the future.

That the Anglican Advance Appeal has been successful in Kootenay Diocese, in that 90 percent of its quota has been raised with the remainder pledged was a statement by the Archbishop. This is a matter of great satisfaction to both clergy and laity, and an expression of thanks, Archbishop Adams for his "inspired leadership" was recorded.

The Synod was entertained at a luncheon on Wednesday at the National Hotel by the Vernon Board of Trade. C. A. Hayden was guest speaker.

Wednesday evening, the annual meeting of the Laymen's Order, Diocese of Kootenay, was held in All Saints Parish Hall. Chairman of the meeting was Mr. Pellett of Kelowna, with Mr. Coldicott of Trail acting as secretary. Among the parishes represented were: Trill, Cranbrook, Salmon Arm, Grand Forks, Penticton, Kelowna, Kimberley, Oliver, West Summerland, Rossland, Falkland, Edgewood, Nelson, Westwood, Fernie, and Vernon.

The chairman called for discussion of the forming of Men's Clubs in the Parishes throughout the Diocese. Some Men's Clubs have been going for quite a number of years, others are just starting. A number of suggestions were made for the formation of such clubs, and Mr. Gorse, of Salmon Arm, gave a resume of their work and undertakings there which received a lot of favorable comment from the other delegates.

The work of the Laymen was outlined, which included helping the clergy, building up the Sunday Schools, looking after Church attendance, assisting in spiritual work and increasing the number of members in the Laymen's Order. It was suggested at the meeting, that the delegates attending the session go back to their various parishes and discuss with their fellow members the work that is to be done to help to build up the Church. The meeting concluded with the election of officers for 1946-47. Mr. Pellett of Kelowna was elected president and Harry W. Tyrell of Vernon as secretary.

The delegates warmly appreciated the hospitality shown to them by the people of Vernon during their stay, and are going back to their respective parishes with a renewed feeling of good fellowship.

Civic Works

(Continued from Page One)

which has been abandoned for roads purposes by the city was accepted. Mr. Jakeman's offer of \$40 for some old equipment in the old city yards also was accepted. Mrs. Ralph Hopping's application for a business license to operate as a ladies' wear dealer in the Coldstream Hotel was granted. Request from the Property Owners' Association that more rigid enforcement of the anti-noise by-law with particular reference to motor vehicle exhausts and cut-outs was passed on to police authorities with the council's endorsement. The suggestion from the Property Owners that a surveyor's monument be erected in the west end of the city elicited information from city engineer F. C. Wolf that there is one there already. What the Property Owners believed to be a surveyor's monument at the City Hall is actually a bench mark for determining the east end of the city is located near the Kelly Douglas warehouse.

Alderman Cecil Johnston reported that the cement sidewalk on Mara Avenue has been completed to the satisfaction of the city and is now being used by the city north side of Dewdney Street between Whitham and Eighth.

R. Boswell, who applied for water connection to seven lots which he purchased recently on Grey Avenue at the east end of the city, was notified that unless there was a dwelling on the property or application for building permit accepted, the connection could not be made. Mr. Boswell informed Alderman Cecil Johnston, who was acting for the waterworks committee in the absence of the chairman, Alderman E. Bruce Cousins, that the seven lots were in young orchard and he was afraid the crop would be lost if he did not secure water. Mr. Johnston informed him, and supported by the council, that domestic water cannot be supplied for irrigation purposes. It may be used for garden sprinkling but that is all.

Alderman Walter Bennett, chairman of the parks committee, referred to criticism of his committee for the delay in completing boulevards throughout the city. He stated that there has been an unfortunate delay in securing grass seed but that the city will eventually complete and assume the upkeep of all boulevards.

Work on the wading pool in Polson Park is likely to be kept up five or six weeks as the city is unable to secure delivery of cement. Mr. deWolf reported. The delay is largely due to lack of paper bags for shipping the cement.

National Clothing Drive in Vernon

Service clubs and other organizations have agreed to get behind the Vernon chairman, Miss Hilda Cryderman, and her local committee in the National Clothing Drive which opened last Monday. Headquarters are in the Board of Trade offices at 100 Barnard Avenue. Sub depots are doing a good job, and are open on the east end of the city. Members of various women's groups have agreed to take a day each at the main depot sorting and packing.

It is understood a canvass will be undertaken for discarded clothing, boots and shoes for men, women and children, as well as bedding. The objective throughout Canada is one pound of old clothing per person. The drive ends on June 29.

Nurses
(Continued from Page One)

that married nurses shall have opportunities of employment; 18 days sick leave each 12 months for all nurses; and a base minimum salary of \$125 per month with a rising scale to take care of experience and value of service; and \$180 for supervisors and teachers.

In a general discussion by the Vernon Jubilee Hospital Board, meeting in regular monthly session Tuesday evening, K. W. Kinard, president, Gordon Lindsay said he had gone over the requirements with the finance committee and had others. Mr. Lindsay stated that very little change is required in Vernon if it is decided to bring the schedule into line with that recommended by the Association.

A motion was passed on Tuesday night to increase the salaries of Nurses Aids and maids. A report will be made at the next meeting regarding a raise for the administrative staff and orderlies.

The annual convention of the Hospital Association will be held in Vancouver on November 12-15 next.

NOTICE RE TUSOCK CATERPILLAR

This pest attacks and will completely defoliate fir trees. It is recognized by the two plumes of black hairs on the front, one similar plume behind and four tufts of light tan colored hairs along the back. The hairs are poisonous and to some people contact with them may cause infection or rash. Children should be warned not to touch or handle them!

CONTROL METHODS

At this time the TUSOCK CATERPILLARS are beginning to leave the trees and are crawling on the ground and up the sides of houses. These may be controlled to a great extent by use of the following insecticides: PEST-FOE 50% DDT WETTABLE POWDER: Add one pound to one gallon of water and spray or brush wherever these pests land or crawl. If desired PEST-FOE 5% DDT SURFACE SPRAY may be substituted for the above.

PEST-FOE 3% DDT Agricultural Dust sprinkled lightly on the ground around the house or wherever these pests land or crawl is further excellent control.

REMEMBER! ... DDT is a contact insecticide. Results may not be apparent immediately, but they are sure!

Memorial Drive

(Continued from Page One)

In cases where groups cannot take over again, other organizations which have not heretofore taken an active part, or any new groups, will fill in the gaps.

There are 24 zones. In the majority of instances, two people have covered a zone. In others six or eight persons are required. This does not include the business area. Mayor Howie and Alderman Bennett explained that the money has been pledged for the end of June. The campaign will be short, swift, and it is hoped, successful.

Alderman Bennett made the following statement this week: "Vernon citizens have been called upon many times in the past few years to help many worthy causes. Red Cross, Russian, Polish, Chinese, Greek relief and many others and their overwhelming generosity never faltered."

"The committee now working on Vernon's Memorial Drive knows that same generosity will prevail again, to show the gratitude we have often expressed to our fellow citizens, was not idle words. They feel that this drive winds up in a fitting climax all campaigns carried on for so many patriotic causes."

"The Canadian Legion Centre will provide an ideal home for its members, all of whom are active service men; a place where they may meet and carry on the comradeship made during the years of war into the peace."

"The Canadian Legion exists for the purpose only, the welfare of its members. We should consider it a distinct privilege to have this opportunity to purchase this fine building and turn it over, lock stock and barrel to our local branch."

The slogan of the drive is "Buy a Brick," signifying a brick for the building. Lapel badges will be distributed to donors.

Truck Accident Aired in Court

John Toma appeared before Magistrate William Morley in District Court on Thursday of last week charged with dangerous driving. He pleaded not guilty but after presentation of evidence was judged guilty and fined \$25 and costs.

The charge was laid by police after an accident on the Lumby road about three miles from Vernon just after nine o'clock on Saturday evening of last week. The accused was driving a truck and in passing another truck driven by Steve Kiley, sideswiped the vehicle. The truck driven by Kiley went out of control, hit a telephone pole and turned over.

A passenger riding on the platform at the back was pinned under the vehicle and considerable difficulty was experienced in extricating her. She was taken to the Vernon Jubilee Hospital where it was found that though she suffered numerous cuts and abrasions her injuries were not serious.

Kiley appeared before the magistrate on a charge of carrying a passenger on the open platform of the truck. He pleaded guilty and was fined \$10 and costs.

Beach Party for Church Group

An outing at Okanagan Lake on Wednesday of last week, June 12, wound up the activities of Vernon United Church Young People's Union until the fall. A group of 25 was entertained at the home of Mr. and Mrs. O. E. Evans, who resided on the lakeshore, what was termed a "scavenger hunt" were climaxed by a "hot dog roast" around the bonfire as darkness fell. Miss Jean Neilson is senior president of the group; Thomas Bulman junior president.

Town and District

Rev. M. Percival of Proctor, B.C. is the guest of Mrs. A. J. Doull of this city.

W. Hately, General Freight Agent of the C.N.R. from Vancouver, spent two days in Vernon on business last week.

Miss Nellie Forbes of this city, on the staff of Okanagan Telephone Company, is spending two weeks' vacation in Vancouver and Seattle.

Mr. and Mrs. F. Klausman returned to their home in this city last Friday, after a motor trip to the Coast. They left on Sunday, June 9.

Maj. F. Farlinger of Morrisburg, Ont., was the guest for a few days last week of Mr. and Mrs. W. F. Hamelin. Maj. Farlinger left last Monday.

Very Rev. F. R. Clarke, Dean of Kootenay Diocese and Rector of the Pro-Cathedral, Nelson, is attending the Synod now in session in Vernon. He is the guest of an old college friend, Rev. A. R. Lett of Oyama.

Registered at the National Hotel on Tuesday were: J. M. Sutherland, land, Winnipeg; J. E. Britton, Summerland; Rev. Canon F. V. Harrison, West Summerland; William Percival-Wray, Grand Forks; C. R. Deal and Miss Deal, Calgary; and M. J. Flowers, Cranbrook.

Rev. A. B. Craig of Salmon Arm is the guest of Mr. and Mrs. R. C. McDowell.

Mrs. M. Holweg of this city returned home last Friday, after two and a half months spent in LaMoure, North Dakota.

Miss Orlean Zubeck recently returned from the Coast where she completed a course in beauty treatment and has joined her mother, Mrs. C. Zubeck in this city.

Mrs. W. F. Hamelin returned to this city on June 12 after two weeks' vacation spent in Calgary where she was the guest of her two sons and their families.

J. M. Macrae, Freight Traffic Manager of the C.N.R. from Winnipeg, arrived in Vernon on Monday and spent a few days in the valley on business.

Mrs. H. Seeley, formerly of West Side Okanagan Lake, but a resident of Vancouver with her family since the beginning of the war, is a guest at the home of Mr. and Mrs. Robert Allison, Oyama.

In Vernon last week end visiting friends here were Mrs. Alex McQueen and their daughters, Shirley and Margaret, of Salmon Arm. The family has recently come to the North Okanagan from Moosomin, Sask., to make their home.

Visitors on Sunday at the home of Mr. and Mrs. R. W. Ley were Mr. and Mrs. George Knowles and Mr. and Mrs. Stan Elkins, of Vancouver. They are on a combined business and holiday trip to the Okanagan.

Lester White and John Dunsin, of Mackenzie, White and Dunsin, Ltd., visited the Vernon branch of their firm last Monday and Tuesday. Residents of Vancouver, Messrs. White and Dunsin were here during a tour of the Interior.

W.O.2 George McRae arrived from the Coast to spend the week end visiting at the home of Mr. and Mrs. Jimmy Carpenter. He left on Tuesday to return to the Coast where he is stationed with the permanent force of the Canadian Army.

Guests at the National Hotel at the beginning of this week included: Mr. and Mrs. L. M. White, Mr. and Mrs. J. Mattice, Mr. and Mrs. D. B. Heise, all of Vancouver; Mr. and Mrs. F. C. Botting, New Westminster; W. D. Jowett, Edgewood; Mrs. B. M. Smith, Salmon Arm; R. Jure, Trail and H. Grant Banford of Penticton.

Mrs. A. E. Graves and Mrs. T. R. Bulman left last Saturday for Winnipeg. Mrs. Graves will continue to Grandview, Man., to be with her parents on June 24 when they celebrate their golden wedding. Mrs. Bulman will be joined in Winnipeg by her husband, who has been attending a series of meetings in Eastern Canada and the U.S.

Mr. and Mrs. Thomas C. Miller of Calgary, are guests this week at Orchardleigh Lodge. They expect to be here for two weeks. Mr. Miller, assistant manager of MacIn Motors Ltd., and his wife are close friends of Mr. and Mrs. C. E. Demeritt of Orchardleigh. Also guests at the Lodge this week are Lt. Col. D. G. MacLachlan, D.S.O., overseas commander of the Calgary Highlanders, and Mrs. MacLachlan. They are spending a few days here before going on to Vancouver.

Nick Ewanchuk returned to Vernon, Friday, from Vancouver, after receiving his discharge from the Canadian Army.

Archie Campbell of Vernon left last Saturday for Regina, Sask. He is expected back the beginning of next week.

E. Blachford of Toronto, was in Vernon on Monday, conducting examinations for the Toronto Conservatory of Music.

R. W. Harris of Merritt arrived in Vernon last weekend to spend two weeks vacation with his parents, Mr. and Mrs. F. H. Harris of this city.

Miss Shirley Bradford, teller, Vernon branch, Bank of Montreal, returned last Saturday from two weeks' vacation in Victoria and Vancouver.

Mr. and Mrs. A. Baile and family of Summerland are spending a short holiday with Mrs. Baile's parents, Mr. and Mrs. A. W. Tompison of this city.

Mr. and Mrs. W. Sweatman and son, Robin, of Vancouver are in Vernon and district for a day or two. Mr. Sweatman is on a business trip in this area.

C.S.M. Helen Hamelin, C.W.A.C., stationed at Kawa, leaves Vernon this evening, Thursday, after eight days holiday spent in this city with her parents, Mr. and Mrs. W. F. Hamelin.

Rev. F. C. Briceall of Oliver and Rev. A. Gardner of Rossland are guests at the home of Mrs. C. Hamilton Watts. They are attending sessions of the Synod, Diocese of Kootenay.

Miss Betty Corner arrived in Vernon on Saturday from Vancouver to spend the summer holidays at her home here. She is the daughter of Mr. and Mrs. L. Corner of this city.

W. H. Baumbrough left on Friday for Winnipeg where he will attend a convention of the Canadian Seed Growers Association. Mr. Baumbrough expects to be away about two weeks.

Mrs. F. E. C. Wood of this city leaves shortly for Comox, Vancouver Island, where she plans to spend July and August. She will probably visit at Westview before crossing to the Island.

Mrs. K. G. Clarke left Vernon last Saturday evening for the Coast. After five days in Victoria, she will return to the Lower Mainland, being away about two weeks altogether.

Rev. C. H. Gibbs of Kelowna and Rev. F. W. Sharnan of Revelstoke are guests of Rev. Canon and Mrs. Wright while they attend the annual Synod, Diocese of Kootenay, in session here.

S. H. McNeely, C.P. Express agent here, left on Saturday evening to spend two weeks' vacation at his former home in Victoria. During his absence, Dan Davis, of Nanaimo, is acting agent here.

Mrs. W. J. Smith left for her home in Revelstoke on June 12 after visiting her sister, Mrs. Fred V. Harwood, during the acute period of Alderman Harwood's illness.

Clifford Bagnall, son of Mr. and Mrs. P. Bagnall, arrived in Vernon about a week ago from the United States, where he has completed his second year in Arts at the Chicago University. He will resume his studies in September.

Lieut. N/S Alx Doull, R.C.A. M.C. who has been spending his vacation leave at the home of her mother, Mrs. A. J. Doull, of this city, left for the Coast on Monday evening. She is the guest of Mrs. Noel Gillespie in West Vancouver.

Mrs. W. G. Henderson and small daughter Joan arrived in Vernon on Monday to join Mr. Henderson, who is District Freight Agent with the C.P.R. here. Mr. and Mrs. Henderson will make their home in this city.

The Vernon Business and Professional Women's Club at their meeting on a week ago, June 16, appointed Mrs. C. S. Butcher as delegate to the annual convention of Canadian Federation, Business and Professional Women's Clubs to be held in Toronto July 8 and 10.

In Vernon on Wednesday was Mrs. M. H. T. Alexander, of Vancouver, member of the Canadian Women's Press Club, who was here during a tour of Alberta and B.C. writing copy for a women's magazine. She was with Vancouver daily newspapers for 25 years before taking on special assignments.

R. H. "Dick" Laidman, flying his own aircraft, left Tuesday morning for Yellowknife after a month's visit here at the Klam Lake home of his parents, Mr. and Mrs. W. F. Laidman. Before returning to the northern mining centre he planned to stop over for a few days in Edmonton on business. His wife and baby who accompanied him here, are remaining in Lumbay for a time to visit with Mrs. Laidman's parents. While in Vernon, Mr. Laidman surveyed prospects of air service here to be run in conjunction with his company at Yellowknife and if his plans develop he will return in the fall.

Mrs. E. M. Lawrence Dies Here, Aged 81
A resident of the Vernon District for many years, Mrs. Emma May Lawrence, died in the Vernon Jubilee Hospital on June 14, aged 81, following a brief illness.

Mrs. Lawrence was born in England in 1865 and came to America in 1872. She married Ray Lawrence in 1882, in Iowa, U.S.A., where they lived until 1904 when they moved to Canada and settled in the Mabel Lake district.

Two of Mrs. Lawrence's five sons lost their lives in the First World War. Mrs. Lawrence predeceased his wife in 1932.

Mrs. Lawrence is survived by three sons, Edward and Ralph of Vernon, and Carl of Mabel Lake, three grandchildren and "10" great grandchildren.

Trade Board Has New Offices

Vernon Board of Trade has now opened its offices in the old recruiting office, corner Barnard Avenue and Vance Streets. It plans to retain this as its headquarters.

On Tuesday morning, at a well attended meeting of businessmen in the new offices, a program was drawn up in an endeavor to include every business in the city as a member. During the first day of the campaign, all those contacted joined.

It is the objective of the Board to have a 100 per cent membership by the end of the week. E. E. Dicks, vice-president and chairman of the finance committee, is in charge of the drive. A. W. Howlett is president of the Board.

Following the definite instructions of the April monthly meeting, the Executive of the Board of Trade has been preparing plans to support a tentative budget of \$3,000 per annum with which to fulfill the plans for a possible permanent secretary and for publicity and other Board activities.

The membership has been divided into three classifications and volunteers are proceeding to contact all present members and prospective members to acquaint them with the new scale of dues and to request each member to pay into the Board the difference between the new rate and the dues already paid for this year.

The new Board office is the scene of much activity as the Executive is compiling new lists and receiving funds from the additional assessments.

All members and any interested persons are urged to visit the Board office and if they have not done so already to leave a cheque for the additional 1946 dues.

The next monthly meeting will be a dinner gathering at the National Hotel on Friday evening, June 28.

Newcomers to Vernon On Newspaper Staff

Changes in the editorial and promotion staffs of The Vernon News were announced this week.

Stuart Fleming, who rejoined the editorial department following his return from service with the R.C.A.F. overseas, is leaving June 30. He will be associated as a partner with Archie Fleming Ltd., local independent wholesale firm. Mr. Fleming commenced work on this newspaper following completion of schooling and has become widely known through his writing. He is to be succeeded by Howard M. Fulton, who, with Mrs. Patton, will arrive in Vernon on June 25.

Mr. Gazzard, advertising manager, who has left for Victoria where he will assume charge of Vancouver Island sales for the Barratt Company, later probably moving East to organize an advertising bureau for that firm.

Mr. Gazzard's successor is Angus Holt-Barlow, formerly of Vancouver. Mr. Barlow served for four and one-half years in the Canadian Army and has gained newspaper experience on suburban weeklies in Vancouver. He will be joined by Mrs. Holt-Barlow as soon as accommodation can be found.

Reconnaissance Regiment Squadron Plans for Camp

Men planning to enter camp with "A" Squadron, 9th Reconnaissance Regiment, must be prepared to inform the squadron of their intention at the regular weekly parade on Friday, Major D. F. B. Kinloch. Also, any men planning to enlist in the squadron who wish to go to camp with the unit must do so this week at the parade. Army Cadets who wish to go to the camp must inform the squadron on or before Friday.

Carrier maintenance instruction will be given at the Friday evening parade as will drivers' tests. At this time also vehicles will be allotted to drivers.

Mrs. T. Collie of this city is spending a short time at the Coast.

Farmers Eke Out Win Over Legion to Enter First Place Tie in Spencer Cup

Enthusiasm which reached a vocal pitch of the sort usually associated with baseball broke loose at the Lakeview Park Cricket Ground on Sunday when the Farmers Eleven eked out a 94-91 over the Legion Club. This win tied the Farmers with the Legion for first place in the Spencer Cup League.

The final outcome was in doubt almost to the end and the Legion's last two batters, Allan Bennett and Don Harwood, had the fairly large crowd on edge as they threatened to overcome the Farmers' lead.

The Farmers batted first and were all out for 94 runs. Most of their batsmen were held in fairly close check by the Legion bowlers but Bill Palmer Jr., ran up 46 runs and established his team's winning score.

The Legion batters, when they came in, were falling rapidly in the early part of the inning and six wickets went for 26 runs which meant that five batters had a lot of lead to overcome.

When Bennett and Harwood were paired in front of the wickets, the Legion still had over 40 runs to make to tie the Farmers. They managed to defy the best of the opposition's bowling strength and stayed for 55 minutes during which time they ran up 38 runs, Bennett getting 22 and Harwood 16. Bill Palmer Jr. saved the game for the Farmers when he got under a high hard drive to the boundary by Bennett which would have brought in the four runs necessary to give the Legion victory. That catch ended the game.

The executive of the Vernon Lacrosse Club is not very happy about the situation and is using its persuasive powers in an attempt to have the Arena Commission take some immediate steps to remedy the deficiency. Commission chairman H. B. "Dick" Monk has told the club that the Arena is reluctant to take the risk of spectators being injured by flying sticks and balls.

R. D. "Dick" Douglas, who has been trying to get some action for the lacrosse club, says that there is sufficient stucco wire in the city to provide adequate screening to protect the spectators. He says also that in 1941 the game was played in the Arena despite the lack of wire.

Unless something happens fairly soon the lacrosse season is likely to be over before a game is played in Vernon. The local club has a team it would like very much to show to its supporters.

The invention of paper is attributed to T'sai Lun in about 105 A.D.

No Netting In Arena; No Boxla

"And all for the want of some netting wire."

The first scheduled game between Vernon and Kelowna which was to have been played here last Friday had to be cancelled because there was no wire netting along the sides of the Vernon Civic Arena playing floor.

There still isn't any and a game is scheduled here next Tuesday.

The executive of the Vernon Lacrosse Club is not very happy about the situation and is using its persuasive powers in an attempt to have the Arena Commission take some immediate steps to remedy the deficiency. Commission chairman H. B. "Dick" Monk has told the club that the Arena is reluctant to take the risk of spectators being injured by flying sticks and balls.

R. D. "Dick" Douglas, who has been trying to get some action for the lacrosse club, says that there is sufficient stucco wire in the city to provide adequate screening to protect the spectators. He says also that in 1941 the game was played in the Arena despite the lack of wire.

Unless something happens fairly soon the lacrosse season is likely to be over before a game is played in Vernon. The local club has a team it would like very much to show to its supporters.

Higher Education Level Results in Smaller List Of Pupils Recommended

School was over on June 14 for the Junior and Senior High School students who passed the recommendation examinations which were written during the last week in May. The number of students who passed these examinations is considerably smaller than last year. This is more than likely due to the rise in the educational standards of the school.

The Grade XII students who were not recommended or were partially recommended began writing the Provincial Department of Education examinations on June 19 and will continue through until June 28. The school's examinations, written by those not recommended in Grades VII to XI, will begin in a few days.

The names of those students who were partially recommended are not included in the following lists. The names are in order of grades starting with Grade VII.

Grade VII A: Frances Baum-brough, Dorothy Beal, Irene Do-bertstein, Vivian Dye, Sonia Halus-chak, Mary Hyrchuk, Grace Kur-its, Kathryn Malysh, Nancy Nat-suhara, Margaret Norman, Elsie Nyffeler, Helen Regota, Ruth Skinte, Darlene Stickle, Yoko Ta-lara, Diana Vallaster, June Whit-fen, Margaret Wood, I. LeCours.

Grade VII B: Carl Albers, Eddie Bickert, Milse Bobryk, Archie Brown, Cecil Clark, Bobby Friesen, Murray Green, Verne Hoffman, Morlan Krantz, Bill Krilow, Don-ald Lemski, Malcolm McCulloch, Roy McMoith, Bill Phillips, Sadoo Tamura, Howie Thornton, Tony Trachuk, Lawrence Kyrlyuk, Arthur Kuhn.

Grade VII C: Theresa Biduka, Joan Brett, Stefney Cap, Rose Dawy-duik, Ella Henczel, Marjorie Hen-schke, Lucille Kacherowski, Polly Kowalchuk, Mildred Hein, Theresa Le Duc, Mary Macarenko, Bertha Macarenko, Bertha Rausch, Ruth Rozok, Betty Melvin.

Grade VII D: P. Elashuk, T. Ogusawara, S. Mills, M. Kawaluk, A. Graham, M. Kuchulson, D. Lachmonie, W. Kolwalski, J. Graves, E. Kurbis, M. Melnichuk.

Grade VII E: Clifford Day, Mike Kerehuk, Ernest Kulusch, Mildred Molec, Ian Nishihata, John Rudin-aschy, Arthur Ryll, Kazuo Saway-ama, Verner Schinkel, Russell Sen-enki, Eileen Shewchuk, Patricia Smith, Harold Smith, Ruth Stoll, Sho Takashima, Helen Tischik, Vic-toria Telestuk, Edna Wasuk, Eddie Yawney, Kazue Sakakibara.

Grade VIII A: Hiroshi Aoki, Wil-liam Atwood, Frances Ayres, Adam Baziw, Sharon Brown, Peter Bul-man, Pauline Chorney, Yvonne Christensen, Janet Clarke, Des-monde Douglas, Betty Fulton, Shir-ley Hayward, Kay Hopping, Sue Husband, Alice Johnson, Bertha La Marche, June Love, Betty Mc-Dowell, Michio Miyagawa, Evelyn Norman, Yoshio Ouchi, Marion Shultz, Gladys Sigalek, Joan Smal-

Trachuk, Adella Vallastu, William Yakimovitch, George Yamasaki.
Grade IX A: Norma Bartlett, Mar-garet Beaven, Anne Bradford, Faith Bruels, Yasuko Chiba, Jack Cook,
Tommy Davis, Marilyn Dean, Dun-alda Gould, Anne Husband, Leo Imai, Jean Jackson, Joan John-son, Tadao Kilogawa, Silver Kere- (Continued on Page 8)

Announcing...
the New **MERCURY 114**
in the **LOW PRICE FIELD**

Now-famous Mercury Quality—at PRICES NEAR THE LOWEST!

Here's the big news you've been waiting for! Now Mercury brings you a brand-new car—priced right down near the lowest.

It's the Mercury 114—companion car to the famous Mercury 118 for 1946—and it's now on display at your dealer's. It's big, smart, capable. From gleaming grille to massive rear bumper it has the standout style you expect in a fine car—in a Mercury! Inside, it's a revelation of rich quality fabrics, of colorful trim, of roomy convenience.

Here's 93 horsepower . . . for the added thrill, the extra "getaway", the smoother cruising a Mercury 8 delivers. Here's the

only car in the low price field offering aluminum cylinder heads for flashing performance with economy!

Features include advanced-type springing for a new, smooth, level ride . . . new stabilization, front and rear, that banishes away, assiate steering and control . . . new oversize, self-centring hydraulic brakes that act fast, stay silent.

You can own this new, fine companion to the famous Mercury 118 for a price that's right down with the lowest. See it now and ask yourself: "Why pay more . . . why be satisfied with less?"

Mrs. Jessie Stroud Laid at Rest Here

A resident of Vernon for almost
15 years, Mrs. Jessie May Stroud
died in the Vernon Jubilee Hospital
on June 13, aged 39, after a lengthy
illness. She is well known in Ver-
non for her activities in connec-
tion with the Busy Bee Sewing
Circle and for her work with the
First Baptist Church.

Mrs. Stroud was born in York-
ton, Saskatchewan in 1907. She
met and married Mr. Stroud in
Squamish where two of their five
children were born. They moved to
Vernon in the early thirties and
have resided here since that time.

Mrs. Stroud is survived by her
husband, L. Stroud of Victoria,
three sons, Ronald, David and
Arthur and two daughters, Helen
and Mary, all of Vernon.

The funeral services took place
on June 15 from Campbell and
Winters Funeral Parlors, Rev.
Theo Gibson officiating.

I.W.A. Aims

(Continued from Page One)

farmers in particular being in-
vited. The strike was decided on
January 6, he declared. The vote
was taken in February and March.

A voice in the audience re-
peatedly asked the question as to why
the I.W.A. did not accept the B.C.
Fruit Growers' offer. Each succeed-
ing time the speaker rose, he was
shouted down. He posed his ques-
tion again and again against a
barrage of boos and cat calls. Mr.
Carlyle replied that the member-
ship of the I.W.A. decided against
this by ballot. "Should I.W.A. run
this country," asked a voice.

What is Democracy?
"Did the membership have the
democratic right to vote by secret
ballot," asked Stuart T. Oldham.
"Don't be amusing," said a voice in
the audience. A standing vote was
the way the decision was arrived
at, Mr. Carlyle explained, which
another speaker said was the prac-
tice used in the original strike vote
on all sides as to how the original
strike vote was taken, Mr. Car-
lyle outlined the procedure of
sending out ballot boxes; and the
poll, conducted on the same lines
as an election, which resulted in
why only 14,000 cast their ballots
when 37,000 men were out of work.

Exasperated Mr. Carlyle said that
at least Kelowna had offered him
more courtesy than the Vernon au-
dience.

In Kelowna, he said, the lake
was full of logs.
"It is not right that a bunch of
loggers and truckdrivers should
disrupt a public meeting," remon-
strated Mr. Carlyle, who was bare-
ly heard in the hub bub.

Written questions submitted to
Mr. Carlyle as to whether "the
B.C.F.G.A. is not the largest Union
in the Valley," when asked of work-
ers, brought "no" from the audience;
"Yes" from Mr. Langmead. "Can a
grower then market his fruit legiti-
mely, except through the B.C.F.G.A.?"
brought up the question as to the
basic wages paid to fruit work-
ers, to which another voice re-
plied that what was paid was up
to the individual grower.

The fracas reported in Ke-
lowna on Saturday then oc-
cupied the spotlight, to which
Mr. Carlyle replied that "any-
one who passes through a picket
line is an enemy of ours,
and should be treated as such."
"Tell us how to save our
crops," pleaded one persistent
speaker from the audience,
shouted by cries of "sit down."
The meeting broke up in dis-
order.

Shook

(Continued from Page One)

of fruit containers had been de-
livered to packing houses. Each day
the box manufacturers were closed
meant a loss of production in the
Okanagan of 100,000 containers.

The loss during the period of
May 15 to June 10 probably was
absorbed by crop shrinkage but
every day lost to production from
June 10 to the resumption of op-
erations meant a loss of contain-
ers that would have to be made up
in some other way. During this lat-
ter period the loss was 800,000,000
containers, states L. R. Stephens,
secretary of the B.C.F.G.A. Box
Shook Committee.

To make up the loss, Mr. Ste-
phens said, the B.C.F.G.A. is nego-
tiating to secure 400,000,000 sub-
stitute containers. These contain-
ers would have cardboard or fibre
bodies and wooden ends. It is
also hoped that 1,000,000 wooden
boxes can be secured from Koot-
enay mills to supply the Sumner-
land and Keremeos districts.

Altogether, the Okanagan
fruit crop this year will re-
quire approximately 12,000,000
containers of all kinds. If in-
terior shook mills operate at
peak capacity, employing double
shifts where possible, and if
the entire lumber resources of
this area are directed to box
manufacture, that, with the use
of substitute containers, should
meet the crop requirements.

The Vernon Box and Pine
Lumber Company Ltd. resumed
operations at eight o'clock Wed-
nesday morning and manufac-
tured box shook but at noon
F. M. Fulton, president of the
valley union of local, arrived at
the mill, held a conference
with the workers and the mill
again closed down when the
men did not return to work for
the afternoon shift.

Melville Beaven, of Western Can-
ada Pad & Drum Co. Ltd., told
The Vernon News Wednesday af-
ternoon that his plant would be
operating by noon today Thurs-
day. In response to the govern-
ment order he re-opened with a crew
on Wednesday morning only to
have union leaders call the work-
ers off. By Monday the plant will
be in peak operation, Mr. Beaven
said.

On learning that the woodwork-
ers had left the Vernon plants
after having begun to work, The
Vernon News immediately con-
tacted William Langmead, indus-
trial organizer for the I.W.A. in
Kelowna, in an attempt to secure
some explanation.

"We agreed," he stated, "that on
the government taking over the
mills and giving us assurance that
they would consider our proposals,
we would immediately return to
work. We kept waiting with our
crews waiting for the B.C. to give
the green light to start work. It is
possible it will come through to-
morrow (Thursday). Our people
at the Coast are meeting with Bell
now."

"We agreed amongst ourselves
that throughout the valley when
one returned to work all would
return. Immediately we get clear-
ance from the Coast we will re-
turn."

According to Mr. Langmead the
Vernon Box and Pine Lumber mill
was the first one to open in the
valley Wednesday morning. "The
men returned to work under the
misapprehension that they had
been ordered back this morning,
(Wednesday)."

J. G. Strother, manager of the
Vernon Box and Pine Lumber Com-
pany Ltd., said that as soon as the
men left the job he phoned Mr.
Bell in Vancouver and informed
him of what had happened. The
controller's reply was that on no
account must work stop once it
had started. The 24-hour delay was
granted to allow the Union time
to get its men together and back
to work as soon as possible.

Three separate sets of negotia-
tions as between the operators and
the union, with the B.C.F.G.A. and
the President of the Okanagan
Valley Lumber Council, W. Sands,
acting as intermediaries, occurred
at Kelowna during the period Fri-
day to Monday inclusive.

A three-point plan advanced by
the operators was rejected by the
operators on Saturday morning.
Sitting in at the gathering were
Messrs. Stephens, Stirling and Des-
brisay. The union asked:

1. That no discrimination be
shown towards employees for union
activities.

2. The men would resume work.
3. Every matter in dispute be put
to arbitration with the findings
of the board binding on each party.

In rejecting this plan, the op-
erators pointed out that the pick-
out had occurred before conciliation
and arbitration could be under-
taken and that in one case, Simp-
son's at Kelowna, a valid contract
had been broken by the men. Only
one meeting with the Interior
Lumbermen had been held and
none with the box shook manu-
facturers prior to the strike.

On Saturday afternoon the own-
ers again conferred with the union
again, Messrs. Langmead and Car-
lyle being present. The operators
offered a four-point program for
settlement:

1. The employees resume work.
2. No discrimination would be
shown.

3. Any increase in wages subse-
quently awarded would be
retroactive.

4. An application would be made
to the proper authorities for
conciliation to be proceeded
with immediately and to ratify
any agreement.

The union representatives re-
fused.

A third and final agreement was
then offered to the employees, who
gave their answer on Tuesday.

WARNING!!

IN THE INTERESTS OF SAFETY PARKING IS PROHIBITED ON THE COUNTRY
CLUB ROAD BETWEEN LONG LAKE CREEK AND THIS AREA IS CLEARLY DEFINED
BY SIGNS

Your attention is drawn to Section 2 and 3 of By-Law No. 117 of the Municipality of Coldstream,
which state:

2. "... no motor or other vehicle shall be permitted to park on the travelled portion of the
Country Club Road allowance between Long Lake Creek and the Southeast boundary of Lot num-
ber twenty-one (21). Registered Plan numbered Four Hundred and Fifty-Five (455) save and except
such portions as may be designated by Public Notice Boards erected by the Municipality for Public
Parking Grounds.

3. "Any person or persons found guilty of an infraction of the provisions of this By-Law shall upon
conviction before the Reeve, Police Magistrate or any Justice or Justices of the Peace having Jurisdic-
tion in the Municipality of Coldstream, on the oath or affirmation of any credible witness, forfeit and
pay, at the discretion of said Reeve, Police Magistrate, Justice or Justices convicting, a penalty not
exceeding one hundred dollars and costs for each offense."

The boundaries of the above no-parking area are defined by signs. In future steps will be taken to
prosecute any infraction of the terms of the above By-Law.

(Signed) D. F. D. KINLOCH, Clerk, Municipality of Coldstream.

Armstrong United Church Honors 134 Men, Women

ARMSTRONG, June 14.—A large crowd attended the evening service in Zion United Church, decorated with flags and red, white and blue floral decorations on Sunday, June 9, when Capt. Uriah Latte unveiled the Honor Roll on which were 123 names of men and women connected with this church.

Capt. Latte, after unveiling and dedicating the Roll, asked for "two minutes silence" in honor of those "whom we remember."

In an inspiring address Capt. Latte emphasized the spirit, comradeship and faith of "Our Boys." Not having been in any other war zone than Hong Kong, where he was a prisoner for 44 months he could only speak of what he saw there, but made it plain to his listeners that the same qualities of courage and endurance which carried them through that ordeal will be found among the men wherever they might be.

The speaker described the inadequate food and hardships that were endured. "In the 44 months I ate 1,340 pounds of rice,"

but it was still not broken at the end of 44 months. Many word pictures were given of the sharing among the men of what ever came their way. Some 100 were received into the Church on "profession of faith."

Housing Scheme May Build 50 Dwellings In Kamloops District

KAMLOOPS, June 14.—Wartime Housing Ltd., has been formally asked by Corporation of City of Kamloops to build another 50 homes here. The application was forwarded after a conference with J. G. Gray of Ottawa, federal administrator of the crown-company, and J. Y. McCarter of Vancouver, the company's British Columbia architect.

Although Mr. Gray could not absolutely assure city council that Ottawa would do as requested, he indicated he would recommend the application.

Official reaction should be known within a few days.

Gopher, C.P.R. Clerks Unhappy Bunch Saturday

Rather more than mild consternation was aroused in the Canadian Pacific Express office Saturday evening when a gopher, very much out of its element, made a sudden and wholly unprecedented appearance at about closing time.

As there was a C.N. passenger train standing in the station at the time just preparing to leave, it was thought for a moment that the animal, preparatory to departure to greener fields, might have been looking for the ticket agent. This notion was quickly dispelled by the rapid dispatch with which it sought shelter behind a pile of crates in one corner of the shipping room. Obviously it had been chased and was not happy about the whole thing. Its cries of anger, or terror, were most pathetic, touching the hearts of all who heard.

There were five stalwart youths and a newspaper reporter present at the time and they immediately set about ushering the gopher back to open spaces and a more natural habitat.

The beast declined to leave. It took refuge in another corner behind a fire extinguisher.

The process of evicting the rodent so that the office might be closed and everybody go and enjoy what was left of the Saturday evening was somewhat prolonged. The gopher, however, who was, appropriately enough, railroaded into the position, took elaborate precautions against being bitten by the frightened animal, the sharpness of whose teeth was not for a moment questioned.

Eventually it was lifted from its hiding place by a pair of strong hands and firmly, if not tenderly, given its freedom.

It was seen the gopher was high-tailing it north along the railroad tracks in the general direction of Armstrong.

Puts Britain in the Front

Here is the Swallow, new British jet-propelled "flying wing," which has undergone completely successful tests that place Britain in the forefront of world airplane engine design. The picture gives an indication of the size, by comparison with the people surrounding it just before the take-off. It is reported that the trans-Atlantic model will fly to Montreal or New York in six hours.

Floodwaters Isolate Vernon ... Fifty-Two Years Ago

Unusually high water in rivers, creeks and lakes this year has recalled to long-time residents of this city and district flood conditions of 52 years ago. In June of 1894 the early summer conditions of heavy winter snowfall wrought havoc with roads and bridges and farmlands in low lying areas. The Lower Fraser Valley was the hardest hit part of the province but the Okanagan too suffered and this city was cut-off from the outside for several weeks.

A week to two weeks of the conditions at that time is available in The Vernon News of the period. Each week new incidents added to what, in retrospect, is a highly interesting story though at the time it must have been "confusion worse confounded."

The first direct reference to the high water conditions was made on the front page of the May 31, 1894, issue of this newspaper.

"From every section of the district come reports of high water such as has not been known for years. The snow fell to an unusual depth in the mountains last winter (Fred Simmons recalls 30 feet on Silver Star), and as the spring was cold and backward it is only recently that it has begun to melt rapidly. It is now coming down with a rush and it is feared that a number of bridges will be washed away and many roads will be made impassable. On the C.P.R., traffic is practically stopped between Kamloops and Sicamous, and further west matters are equally bad. The S. & O. branch is under water at places between Sicamous and Enderby, and serious washouts are feared."

The story ended, on an optimistic note that the worst had been reached and waters would soon begin to subside. Subsequent events proved this conjecture somewhat early.

In the same issue was a report from Enderby which said, "The absorbing occupation of a majority of the citizens of Enderby for the past week has been in clearing the streets of the accumulation of driftwood which the high water piles up against the bridge. The water has had the work in charge and thus far has been successful in its efforts to save the structure. A day and night gang are constantly at work and when necessary the citizens turn out and give their assistance. The water is now within a foot or two of the bridge."

Next week came the report that the waters of Okanagan Lake were level with the wharf at Kelowna and several of the streets of that town were inundated. The river channel at Penitence was changed by the high water and ran over ten feet deep to the east of the bridge. The road superintendent established a ferry service for the convenience of the travelling public.

Tales of property loss became current. "The settlers in the vicinity are suffering from the effects of the freshet and some of the farmers, we regret to learn, will be heavy losers. Mr. 'Tuffy' Jones' ranch is partly under water and he has been compelled to leave his house which is flooded; his young orchard is completely covered. Mr. Logan and others have their grain fields under three or four feet of water."

Lake, met with a serious misfortune last week owing to the prevailing high water. The creek on the railway, which is usually a shallow stream, has been swelled by the freshet and is now about eight feet deep. Mr. Parker drove in with a loaded wagon and his horses and vehicle immediately sank out of sight. Some of the neighbors from the Deer Lodge Hotel came to the rescue and with difficulty managed to save the horses and the contents of the wagon were lost."

Complete isolation occurred during this same week and the paper reports, "A card tacked to the door of the C.P.R. station bears the following inscription, 'No telegraph communication. No news of any trains running.'"

The following week mail arrived and the occasion was one for rejoicing. "On Sunday night the welcome intelligence was spread through the city that mail had at last arrived, having been brought up from Sicamous by H. W. Wright, of Enderby. For eleven days no communication had reached us from the outside world either by mail or telegraph and early Monday morning the Post Office was besieged by anxious citizens eager to get some authentic news from the flooded districts of the Lower Fraser. ... It is difficult to say when the S. & O. will be again in operation but Mr. Marpole is reported to have stated that we could not expect a train for at least a month. ... Mail will however be carried from Sicamous by boat and stage as soon as any reaches that point."

Gradually conditions returned to normal over the next few weeks and even though considerable damage was done there were indications that a few at least had profited.

Tramps were reported as having been rather more numerous than usual but most of them seemed to have left to find work in repairing damage on the railway lines.

The best news of all was in a single paragraph. "As soon as the water in the creeks subsides, there probably will be an exodus of prospectors from town to the mountains, as such a freshet as the present one may possibly uncover new ground worth prospecting for placer diggings."

Grindrod Farmers Elect New Officers At Annual Meeting

GRINDROD, June 17.—The annual meeting of Grindrod Farmers' Hall Limited was held on June 13 with a fair attendance. W. Folkard, Secretary for many years, handed in his resignation which was respectfully accepted. The following were elected to the Hall Board: W. A. Monk, president; Joe Hawry, vice-president; Mrs. Alma Wolf, secretary-treasurer; M. A. Dangel, auditor; Donald McEwen, George McEwen, George Halka, worth, A. Tomkinson, Mrs. H. M. Wells and William Folkard, directors.

The Ladies Guild of St. Paul's Church held a successful home cooking and needlework sale last Friday afternoon.

Baseball is in full swing here. Teams from the various districts compete each Sunday.

Robert Hill has left for Enderby where he plans to reside.

Mrs. J. Bailey has purchased the property formerly owned by W. J. Curran.

Wm. Drubik and family, who recently sold their property here, have left for Vernon, where they will make their home.

Miss Alice Pollock, C.W.A.C. has left for London, Ontario, where she expects to receive her discharge.

Mr. and Mrs. Frank Yonowich and family accompanied by W. Yonowich left for their home in Trail after spending a holiday at the home of Mr. and Mrs. S. Mikalshen.

Nationally Famous Dance Band Draws Big Crowd at Arena

Over 1,000 people crowded the Vernon Civic Arena on June 11 evening to dance or to listen to the music of one of Canada's finest Dance Bands, that of Mart Kenney and his Western Gentlemen.

Vernon, district and also Kelowna and Penitence were well represented on the floor, and although the crowd was not a record one for Mr. Kenney, the Arena Commission felt that this was due to the absence of army personnel and were well satisfied with the number that attended.

Most of those who were present agreed that this dance orchestra becomes smoother and better to dance to each year.

Bealde the regular musicians were two very fine soloists and a vocal quartet. Miss Norma Looko and Roy Roberts, both additions since last year's visit, did the vocal honors and were enthusiastically applauded.

Just after midnight Mr. Kenney and his Gentlemen pulled out a surprising skill which supposedly told the story of how the band was formed. During the course of this skill Roy Roberts sang "Old Man River" in a manner that drew prolonged applause from the audience.

Dancing took place from 9:30 until 1:30 with a half hour intermission. Refreshments were served in the canteen throughout the evening.

Reduced Rail Fares For July 1 Weekend

Canadian Railways are offering reduced rail fares for the Dominion Day holiday period, extending from Friday noon, June 28, until midnight of Tuesday, July 2, it was announced today by the Canadian Passenger Association.

The special holiday fare will be based on one-and-one quarter single fare for a round trip ticket. Tickets will be good for departure from noon on Friday, June 28 until 2 p.m. of Monday, July 1, and will be honored leaving destination not later than midnight of Tuesday, July 2 for the return trip.

Foundations Laid For Memorial Fund Campaign

Although the attendance was small, there was no lack of enthusiasm at Friday night's meeting of the War Memorial Committee in the Council Chamber. The groundwork of the campaign was laid. Details of last night's representative meeting appear elsewhere in this issue.

With an objective of \$20,000, a campaign for funds to buy, by public subscription, the Canadian Legion Centre as a gesture of appreciation to local men who served in World War Two, will be launched shortly. The Centre has been knocked down to \$12,000 for the building and \$3,500 for the furnishings. The plan is to present the centre to the Vernon Branch, Canadian Legion, from the citizens.

The remaining \$4,500 is for additional bronze plaques to be affixed to the monument on which will be inscribed the names of men who died during the conflict, plus improvements to the grounds; and a small sum for the Legion to make a few alterations to the Centre to increase its usefulness.

With Mayor David Howrie in the chair at Friday's meeting; Alderman Walter Bennett and C. W. Gaunt Stevenson attended representing the city; Archie Fleming and Burg Thorsteinsson the Rotary Club and L. A. Pope, Vernon Kinsmen Club.

The appeal to the public is "Buy a Brick" and tickets representing this symbol can be bought at \$1 up. Stickers will be available for cars, as well as lapel badges. Walter Bennett is chairman of the advertising committee; C. W. Gaunt Stevenson chairman of the Finance committee with Mr. Fleming working in collaboration. Each of these have power to add to their numbers.

Gardeners and allotment-holders in England have been asked by the ministry of agriculture to grow more potatoes this year as a substitute for bread.

Ashamed of Her Blotchy — PIMPLY SKIN

Here's an Honest Offer Satisfaction or Money Back

If YOUR skin has broken out with ugly surface pimples, or if you suffer from local irritations, or if you suffer from an externally caused itching, burning skin soreness, go to your druggist and get a small bottle of Moondew Emulsion Oil and use as directed. Soon you'll find it start right in to rid nature clear up the trouble—promoting faster healing. Use for ten days and if then you are dissatisfied, Money Back. Satisfaction—guaranteed! Moondew, Nolan Drug & Book Co.

Old and Young Help Erect Lavington Community Hall

LAVINGTON, June 17.—Visitors to the site of the Community Hall recently were impressed and surprised with the work already done there. Lavington men are co-operating by offering voluntary assistance whenever possible. Some are on the job quite often. On Sunday last over 20 men turned up for the day. Jack Brett and Alfred Wiedman were hauling gravel with their trucks and C. Goodenough with his tractor. Several children were there shovelling gravel from the trucks to the cement mixer and really getting a "kick" out of helping in this way.

Highway Improvements
A good job is being done on the main highway here, as far as the Municipal Boundary. The Highway Construction Company of Vancouver has several trucks hauling two grades of gravel. Men have been working on two "shifts", one commencing at midnight. The road has been widened in several places and holes all filled in, preparatory to the paving job, which is to be commenced in the near future.

A few cases of "septic throat" have been reported during the past week among the school pupils.

Family Reunion
There was a "family gathering" at the home of Mr. and Mrs. Herbert Ashman last week, when Mr. and Mrs. R. Sheldford and little daughter, Elaine, arrived from Win-

ipeg, accompanied by Mr. and Mrs. R. P. White and two daughters of Winfield. Four generations were represented. Mrs. Sheldford is a grand-daughter of Mr. and Mrs. Ashman. They left during the week for Victoria.

John Hill left Lavington on Wednesday of last week to attend the Progressive Conservative Association in Vancouver.

Petty Officer Bill Newell, United States Navy, has returned to California, after a holiday in B.C., and a brief visit at the home of Mr. and Mrs. Calder Goodenough.

Mrs. Tryon of Parksville, V.I., is leaving today, after spending a short holiday with her son-in-law and daughter, Mr. and Mrs. C. D. Osborn. She expects to visit another daughter in Toronto.

Mrs. John Chambers and two little girls left early in the week for Kelowna.

Several local young people here attended the Mart Kenney dance on Tuesday evening of last week.

School Bus Contract Renewed

A five-year contract with school bus drivers will be renewed by Vernon School District No. 22 Board, at an increase of \$1 per day and an allowance of 25c per mile above the contracted mileage, subject to the approval of the Department of Education.

Clothes Donated to Drive Last Fall Reach Shanghai

—City Schoolgirl Hears from Recipient

Shirley Howard, of Vernon, a student in Grade V, found she had outgrown a little blue pleated skirt with matching shirt and sweater when the first cool days came last fall. Her mother said she thought it would be a good idea to turn them in to the National Clothing Drive, which was conducted in October. Before taking them to her teacher, Miss Agnes Conroy, who was making the collection, Shirley wrote a little letter and tucked it into the pocket. This week she received an acknowledgment from a Polish girl in Shanghai, China.

Miss Lucy Osial, president of Polish Benevolent Association, writes from the Everett Steamship Corporation, which has a branch office at Shanghai. Under date of April 30, the letter runs as follows: "I thank you so much for your sweet letter, which I found in the parcel with clothes. I was unpacking the parcel from Canada for our poor children here... and there was the letter from a nice girl from Canada. I was glad to read it. I am sure you are curious to know something about me. I am of Polish nationality, and I am working in an American Steamship Company as a secretary. In my spare time I work for the poor... I stay with my mother, but my three sisters are all very far away from us. One of them is in England, one in Australia and one in Poland. I liked your sweet letter," concludes the note, which asks Shirley to continue the correspondence.

Shirley's parents are Mr. and Mrs. Dale Howard of Lorne Street. Mr. Howard is an employee of the Pioneer Sash and Door Company Ltd., of this city. Shirley now feels she has a deeply personal interest in the second National Clothing Drive which started last Monday. When she and her mother made their donation this week, another note will be enclosed.

In this way, Shirley feels she is getting to know about other people, who are not so fortunate as she is; people who live far away from the Okanagan Valley, and who do not have the abundance of good things which Canadians enjoy.

Nitrogen of the air, being an inert gas, passes through an automobile engine unchanged.

Wrapping Paper Becoming Short In Some Stores

Wrapping paper is in short supply, and retailers are advised by the W.F.T.B. not to wrap packaged goods. If customers carry shopping bags, they can help in the shortage which looms for many Vernon merchants. Some stores are asking customers to save wrapping paper and clean bags. As things look at present, it may not be long before most articles will have to be carried home minus wrappings.

Mr., Mrs. J. G. Robison Honored by Knox Church Congregation

Members of Knox Church congregation, numbering 25 to 30, gathered at the home of Mr. and Mrs. R. A. Ferguson on Tuesday evening, June 11, to honor Mr. and Mrs. J. G. Robison and their daughter Faith, who left Vernon a few days ago after many years residence here, for Victoria.

Mr. Robison was on the Board of Managers of Knox Church, and Mrs. Robison, besides being secretary of the Women's Missionary Society, acted in the same capacity for the Kamloops-Okanagan Presbytery. Miss Faith Robison was a member of the choir.

The evening was spent in singing. Mrs. T. Harrison and Miss Robison rendered vocal solos. Later, H. J. Nicklen, on behalf of the congregation, presented Mr. and Mrs. Robison with a pair of framed pictures, hand-tinted scenic views of the country around Vernon. Miss Sheila Ewing, the oldest member of the choir in length of service, on behalf of members, presented Miss Robison with a pair of book-ends made of native wood.

Refreshments were served by some of the ladies from a lace-covered table, centred with an old-fashioned bouquet of garden flowers.

Vernon Children Plan to Brighten Overseas Yule

At the beginning of the September term, children of the Vernon Elementary School will start working on a new Province-wide Red Cross program. They will make Christmas tree decorations to send to Britain to brighten Yuletide for British children.

Throughout the war years the Elementary School children, under the direction of Mrs. A. L. Macdonell, have worked faithfully for the Red Cross, sending money and clothing every year. In 1945 they made and sent a few dolls and this year due to more shipping space the Red Cross is attempting to send items such as decorations and toys to make this Christmas much happier.

Vernon W.I. Holds Au Revoir Party For Valued Member

Vernon branch of the Women's Institute honored one of its oldest members in length of service at a social evening on June 12, when Mrs. J. Macaskill was presented with a gold brooch as a token of affection and esteem from the group. Mr. and Mrs. Macaskill left Vernon last week end for the Coast, where they plan to make their home.

Games and music, with Mrs. A. Rugg at the piano, occupied the evening. A dainty supper was served, after which those who attended bade au revoir to Mrs. Macaskill with best wishes for happiness in her new home. The affair was well attended.

Warm Welcome from Legion W.A. for Old Country Brides

Many members of the Vernon branch, Women's Auxiliary to the Canadian Legion, were 1914-18 war brides. In the intervening years, the generation has grown up, some of whom are their sons.

These men went to distant lands to fight for Canada between 1939-1946. While they were away the Women's Auxiliary "kept the home fires burning." They raised money by raffles, tag days, rummage sales, home cooking sales, garden parties, teas, card-parties and other projects to send men from Vernon and district serving in the Armed services regular parcels of cigarettes and other items, as well as Christmas gifts. They hunted up wives of soldiers who were strangers in the city. In various ways they relieved the tedium of local wives whose husbands were overseas, besides entertaining troops stationed here.

The Auxiliary is now turning to another field of endeavor. It is leading the way in extending a welcome from Canada, from this community and from their organization to the war brides who have come from the Old Country to live in Vernon.

A further 17 brides from England, Scotland and Wales were entertained at a reception and tea on Thursday afternoon in the Canadian Legion Centre. Mrs. J. Kermod was general convener. The downstairs lounge was massed with flowers, long tea table, beautifully appointed and centred with a low bowl of roses, was presided over by W. A. president, Mrs. W. H. Dickenson and Mrs. F. Land, who poured tea for over 100 guests and members. The "bride's cake" stood on a separate table, embedded in roses and fern.

In welcoming the brides, Legion president Dr. E. W. Frowse echoed W. A. President Mrs. Dickenson's remarks when he said that "Vernon has been particularly fortunate in the selection of girls made by local men overseas."

With the newcomers, whose names follow, were several small children, who, when adults, will bring to this district the same traits of courage and endurance which characterized their mothers who withstood the darkest hours the British Isles have ever known. The same traits were evidenced in the pioneers of this district, most of whom owned their allegiance to the Commonwealth of Nations.

The guests of honor were distinguished by corsages of small flowers as lace-encircled nosegays, the work of Mrs. W. R. Shaver.

The following are the brides honored at Thursday afternoon's affair: Mrs. Harold Viel, herself a bride from Prince Edward Island, now a resident here for over a year, read the list to the assembly:

Mrs. Florence Baillie, Dundee, Scotland. Mrs. Harriet Chase, Carnarvon, South Wales. Mrs. W. Baxter, Midlothian, Scotland. Mrs. E. A. Sandgren, Edinburgh, Scotland. Mrs. C. B. Squair, Darlington, County Durham, England. Mrs. F. M. Griffith-Jones, Newland Avenue, Hull, England. Mrs. L. Ostaflew, Bermondsey, London. Mrs. T. Welsh, Forest Fields, Nottingham, England. Mrs. Alice Billick, Newcastle, England. Mrs. Iv. Carmichael, Ilkerton, Derbyshire, England. Mrs. Alice McCluskey, Victoria, London, SW1, England. Mrs. Doreen Galliehan, Jersey. Channel Islands. Mrs. Joyce Ryan, Ross Nieve, Scotland. Mrs. Olive Clayton, Surrey, England. Mrs. Doreen Bazell, Surrey, England. Mrs. Edith R. Jackson, Inverness, Scotland.

Mayor and Mrs. David Howrie were among the guests.

A short program preceded the tea hour, when Mrs. Jack Brilard, Mrs. A. F. Crowe, Miss Joan Pearson and Miss Lois Simpson contributed piano solos. Little four-year-old Bonnie Rose, granddaughter of Mr. and Mrs. Constance of this city recited, Mrs. R. A. Davidson, Mrs. H. Fisher and A. Holt rendered three selections as a trio, and were loudly acclaimed. Appropriate to the honorees was Mrs. O. B. Evans' solo, "Through the Years."

Mrs. Dickinson extended an invitation on behalf of Bulmans Limited and O. K. Valley Co-operative Creamery Association to visit these plants later in the summer. Mrs. Harold Viel thanked the Auxiliary, on behalf of the guests, for their welcome to Dr. Frowse for his message from the Canadian, and to those who contributed to the program.

Mrs. L. Morrow conveyed the love of Dolph Browne Limited donated a crate of lettuce which was divided amongst the guests of honor.

For the Bride...

OKANAGAN LANDING, June 17. —About 30 friends gathered at the home of Mrs. Norman Finlayson on Thursday, June 13, honoring Mrs. Jean Brimacombe, whose marriage to J. T. Allyn Harris was solemnized on June 18. The affair took the form of a social evening, during which an amusing quiz was played.

After a buffet supper was served, Mrs. Brimacombe was told "she was wanted on the phone." Upon removing the instrument, she found a parcel tied on to the receiver, which proved to be a beauty kit. This conveyed the best wishes of her friends accompanied the gift, signed by everyone who attended.

The zebra is a light brown animal with dark brown or black stripes. A dark brown animal with light stripes.

June BRIDES

Harris - Brimacombe
OKANAGAN LANDING, June 19.—A honeymoon by motor to Banff followed the marriage, solemnized on Tuesday, June 18, of Jean Kinghorn Brimacombe, only daughter of Mrs. Finlayson and the late P. R. Finlayson, of Okanagan Landing, and John Thomas Aliey Harris, younger son of Mrs. Harris and the late W. S. Harris of Vernon.

Rev. G. W. Payne officiated at the 3 p.m. rites held at the home of the bride's mother in the presence of 30 relatives and close friends. The ceremony was performed in front of the fireplace, banked with double syringas, flanked by tall ivory tapers.

The bride, who was given in

marriage by her brother, Ronald Finlayson, wore an afternoon frock of honey-beige crepe, offset by a brown hat and accessories and a bouquet of Angela Pernet roses and white baby chrysanthemums. Mrs. Ronald Finlayson was matron of honor. She wore a lime green crepe dress, black accessories and carried pink carnations and tiny chrysanthemums. Frank R. Harris was his brother's groomsman.

The guests were received by Mrs. Finlayson, wearing grey crepe, with gardenia corsage, and the same flowers were pinned on the shoulder of cornflower blue sheer dress, offset by black accessories worn by the groom's mother, Mrs. W. S. Harris.

Mrs. Norman Finlayson and Mrs. W. C. Rogan presided at the urns, pouring from a lace-covered table centred with a two-tier wedding cake, flanked by ivory tapers. For her wedding trip Mrs. Harris donned a corn colored top coat collared in fox. On their return the couple will reside in Vernon.

Gray - Masterson

OYAMA, June 17.—After their marriage at Winnipeg on Monday, June 17, Bernard Gray, son of Mr. and Mrs. A. Gray, of Oyama, will bring his bride, Yvonne Anne, daughter of Mr. and Mrs. Masterson of South Nelson, New Brunswick, to the Okanagan. They are expected about the end of June. The ceremony was performed at the home of the bride's relatives. Further details will be published when they are available.

For the Bride...

The honoree's niece, Beverly Duddle, assisted by Birdina Cooney, drew a decorated linen hamper containing an assortment of miscellaneous gifts into the living-room of the home of Mrs. Frank Price last Thursday evening, June 13, when a group of 20 friends honored Miss Norah Crozier, whose marriage is announced for August. The affair was a complete surprise to the bride-elect. After the gifts were opened and inspected, refreshments were served. Several girl friends of the honoree from outside points sent presents.

Former Armstrong Girl Now Member of New York Ballet

The Chrysler Chapter, which is sponsoring a dance revue by Miss Pratten's pupils on Monday evening next, June 24 in Canadian Legion Center, will use funds raised by this project for the I.O. D.E. Memorial Fund and other Chapter projects. The work of Miss Pratten's pupils is widely acclaimed. An interesting item for local people is word received this week that Kay Armstrong, who came from Armstrong, B.C., and a former pupil of Miss Pratten's, has joined the famous "Rockettes" of New York. This troupe of dancers are known for their precision work; they move as one unit in tap, ballet and other dances. The girls have to be the same height, uniform weight.

In the times of Henry VIII, a person was liable to have his ears cut off for not attending church.

New Portrait of Queen

This new portrait of Queen Elizabeth by the British artist, James Gunn, is now being shown at the Royal Academy's summer exhibition in London, England. The Queen, who in 1944 was made a "bencher" of the Middle Temple, one of the four Inns of Court in London, is wearing a barrister's robe over her gown.

Recital Draws Crowd of City Music Lovers

There was not a vacant seat in Vernon United Church last Thursday night, when a large audience assembled to hear a recital by pupils of Mrs. Daniel Day, assisted by the Vernon Ladies' Trio. The recital was a most successful one, the pupils doing well in all their pieces, shading from dark red to pale pink, and fern. Those taking part in the program ranged from the youngest to senior pupils, Helen Sayers and David deWolf singing the solos which won for them Open Soprano honors and Spencer Cup Grand Championship respectively in the 1946 Okanagan Valley Musical Festival held in Penticton last month.

Mrs. Day accompanied several of the numbers, assisted by Mrs. C. W. Grant Stevenson, Mrs. W. M. Phillips and Mrs. Bernice Briggs, the last two accompanying Mrs. Sayers and Mr. deWolf.

The three youngest members of Mrs. Day's class, Shelly Gibson, Dawn DeJong and Barbara Ann Williamson each sang two songs. The youthful artists performed with ease, with clear enunciation and perfect poise. They were word perfect in their songs, which were charming and suitable to their tender years. Doreen Hannah, "Fay" Robison, Allan Dawe and Lorena Unwin were all well received. Their songs were arranged in complete, and they were sung with care and clarity of tone and diction.

Tommy Bulman's deep notes were heard to advantage in "The Call" and "Out of the Night." He gives evidence of having a powerful bass voice in a few years' time. In contrast were Mear Carey's flute-like notes, and the easy, jolly rhythm of Ted Strother's selection, "Give Me the Open Road."

Rhea McDonald's rich mezzo-soprano voice and well rounded tone was well suited to the two songs chosen, one by Greg and "Dedication." Franz Farnose sang dramatically and with masterful performance, "I Heard a Forest Praying," and "Morning," followed by Jean McDonald with two dainty numbers, suited to her voice.

Trophy Winners
The two festival winners, Mrs. Sayers and David deWolf, sang their competition pieces, in which Mrs. Sayers was the winner in the open soprano class. She sang with conviction and dignity, her high notes being true and round.

Mr. deWolf sang "French Not Me Your Musty Rules," which won for him the highest marks in all adult Vocal Classes in the 1946 Festival, and "O, Sleep, Why Dost Thou Leave Me," by Handel, for which he was awarded the Spencer Cup Grand Championship in the Festival. He was never in better voice, and his songs won prolonged applause.

The Ladies' Trio, comprised of Mrs. R. A. Davidson at the piano, Miss Elaine Jamieson violin and Mrs. H. R. Denison on the cello, are always favorites and played two groups which were received with enthusiasm.

Miss Carey and Miss Robison acted as ushers.

A silver collection is for the United Church Choir Fund, of which Mrs. Day is conductor.

One hundred and fifty French children from the Paris region who are threatened with tuberculosis have arrived at Orin on their way to Sweden. Some 20 others suffering from tubercular bones have also reached the port aboard a special hospital car.

Coldstream W.I. Deplores Depletion of Wild Flowers

When the North Okanagan Women's Institutes met in ninth annual session in Armstrong on June 8, a resolution from Coldstream Women's Institute recommended a National Flower Day conducted along the same lines as Forestry Week. The preamble would have children taught in school to preserve wild flowers as they are steadily becoming less plentiful.

This group also urges the standard of some literature, and entertainment be raised as it is detrimental to the mental health of young people.

North Cane urges "Cottage type" of homes for old people in Salmon Arm and district, so that couples need not be separated.

Sicamous branch asked the co-operation of all B.C. Women's Institutes in soliciting the help of the Attorney-General in an effort to "curb the flood of crime magazines and similar literature" which they claim "introduces into the hands of juveniles, sadistic, highly emotional and suggestive material."

This branch also asks that as obnoxious weeds are increasing, weed laws be more strictly enforced.

The Courtesy committee sponsored a motion thanking the Armstrong Women's Institute and various local firms and individuals who contributed to the success of the day.

Cooking Vegetables
Vegetables are a cheap source of vitamin and minerals—essential to good health. Nutrition experts give this advice: to get the best in value and flavor from vegetables, buy them often, store them carefully, cook them quickly, and, of course, eat them daily, as soon as they are ready.

Mrs. W. R. Pepper Again Heads Canadian Club

At the annual meeting of the Women's Canadian Club, held on Tuesday, June 11, Mrs. W. R. Pepper was re-elected president for her second consecutive term. A very successful year has been completed under her leadership, according to the reports presented at a well-attended gathering by the respective conveners.

The executive is made up as follows: Past president, Mrs. C. Hamilton-Watts; president, Mrs. W. R. Pepper; first vice-president, Mrs. C. Wylie; second vice-president, Mrs. W. S. Harris. Third vice-president, Mrs. F. Murray, Armstrong; secretary, Mrs. A. W. Howlett; treasurer, Mrs. C. B. Porter; Councilors: Miss L. Barton, Mrs. J. S. Brown, Mrs. A. F. Crowe, Mrs. J. E. Harvey, Mrs. H. R. Denison, Mrs. J. McIntosh.

Mrs. E. L. Cross presented the report of the nominating committee. Miss Margaret Ramsay, recently discharged from the R.C.N.V.R., gave a detailed talk on "An Overseas Journey."

She took her listeners in fancy to Eastern Canada; across the Atlantic on a troopship; to Scotland; to Old Country cities, homes, and even castles. It brought back "old times and old scenes" to many of her listeners. Miss Ramsay's address has been reported before in these columns. She spoke to another group of women on the same topic last spring.

DARING YOUNG MAN!

GORDON KNOWS THAT PRACTISE ALONE WILL make him an expert! So he tries the trick again and again. And what an appetite he works up! "Mother! I give me some Kollogg's Corn Flakes when I get home," he says. "Gee, they're swell to eat!" Yes, 4 out of 5 Canadian housewives vote Kollogg's first for flavour. Year after year surveys prove it! Kollogg's are ready in 30 seconds... leave no messy pots or pans. Save time... save work... save fuel! Kollogg's Corn Flakes are sometimes hard to find... but worth looking for! Made by Kollogg's in London, Canada.

FOR ANY MEAL... ANY TIME OF DAY

"Where d'y think you're goin' — to a breakfast of malty-rich, golden-brown Grape-Nuts Flakes?"

"So help me, I am, officer! And every time I think of that elegant, nut-like taste of Post's Grape-Nuts Flakes, my foot just stamps down on the accelerator!"

"Well keep goin' then, brother! And I'll tag along for a bowlful myself. On this job I need those carbohydrates for energy; proteins for muscle; phosphorus for teeth and bones; iron for the blood; and other food essentials."

"Grape-Nuts Flakes are good all right! That's because they're made of two grains — wheat and malted barley. And specially blended, baked and toasted for golden-brown, delicious crispness and easy digestion."

"We'll polish off one of those giant economy packages."

North Okanagan Groups Hold 9th Annual Parley

The 135 delegates were welcomed by Mrs. W. H. Mills, president of Armstrong W.I. These represented 15 groups of 57 in the District.

Committees formed from the chair were: Resolutions, Mrs. Pierce Lumby; Mrs. Shantz, Canoe; Mrs. Urquhart, Salmon Arm; Courtesies, Mrs. Crozier, Armstrong; Mrs. Donnelly, Valley; Mrs. J. T. Fowle, Coldstream; Nominations, Mrs. Best, Star Creek; Mrs. Synes, Mount Ida; Mrs. Enemy, Grindrod.

Mayor J. H. Wilson gave the address of welcome. After a greeting and best wishes from the citizens of Armstrong, he spoke of this being "a rare occasion. He termed the W.I. as "a great organization doing a great work," and congratulated his audience on its achievements. Response was made by Mrs. Green.

A number of delegates visited the Cheese Factory, and the swimming pool site. After lunch, the crowd went to the Pea Factory.

Reports continued from 2 p.m. onward. Mrs. Phillips sang two solos and Mrs. Picul gave an interesting demonstration of spinning.

An inspiring talk was given by Mrs. B. F. Gummow, superintendent of B.C. Women's Institutes. In opening her talk Mrs. Gummow expressed her pride in "her children," (180 Institutes in B.C.) She said it was a great honor to succeed Mrs. McLachlan who had been active in W.I. work for over 30 years. She spoke of the pleasure of attending the unveiling of the pictures of Mrs. McLachlan and Dr. Wace at Queen Alexandra Solarium.

Mrs. McLachlan and the W.I. had been largely responsible for organizing the Solarium on Vancouver Island, an idea not generally known at the beginning but many service clubs are assisting in the work.

One of the first patients was Othello Scott. Now the fund has reached \$10,000, and is available for the assistance of any crippled child in B.C.

The Crippled Children's Hospital in Vancouver is another W.I. project.

Mrs. Gummow spoke of the remote Institutes which she hoped to visit this month.

Of all the branches of the Women's Institute work, the speaker considered citizenship the most important. Education comes under citizenship and the Cameron report will give the rural boys and girls the same chance as the city ones.

In regard to what Mrs. Gummow

O.K. Centre W.I. Sponsors Drive For Clothing

OKANAGAN CENTRE, June 18. —The monthly meeting of the W.I. took the form of a lawn party held at the home of Mrs. H. Macfarlane on June 13. Mrs. H. Bernau presided. Mrs. H. Macfarlane, who was the delegate to the Provincial Conference of Women's Institutes at Vancouver, gave an interesting and comprehensive report of the proceedings.

Mrs. Bryan Cooney, delegate to the South Okanagan W.I. District meeting, held in Westbank, gave a good account of meetings there. Both ladies were thanked for their reports.

Mrs. P. W. Pixton of Okanagan Centre, was re-elected president of the South Okanagan Women's Institutes.

It was arranged to donate ice cream and help with the children's picnic held before school closes.

Donations of articles for the National Clothing Drive are to be left at the home of Mrs. F. Dawson.

Ten hostesses for the afternoon were Mrs. P. W. Pixton and Miss W. Wentworth. There will be no more meetings until October.

There was a large gathering at the Tennis Court, Sunday afternoon when Kelowna played here. Kelowna players were: E. Taggart, Doug Monteith, Doug Disney, Mr. Davis, Mrs. Parker, Mrs. Brunette, Miss Cummings, Miss Sutton, Okanagan Centre players were: Harry VanAckeren, A. Fraser, Cliff Philow and Bob Wentworth; Mrs. Macfarlane, Mrs. Bond, Mrs. O. Pallow, Mrs. Hine.

Men's doubles were two all; ladies doubles, 4-0 in favor of Kelowna; mixed doubles, 7-5 in favor of Kelowna.

The National Film Pictures were shown at the Community Hall Friday evening. W. J. Goodland was in charge.

Mr. and Mrs. Bernard Baker and family have moved into their attractive new home on the lake shore. Brian Baker is now in naval training in Esquimalt.

Mr. and Mrs. Harry Glead returned last week to make their home at Okanagan Centre after an absence of over 20 years. Old friends welcome their return.

Born in Wakefield, Yorkshire, Mr. and Mrs. Magrath of Moose Jaw, are visiting their son and daughter-in-law, Mr. and Mrs. M. Magrath.

Okanagan Landing News

OKANAGAN LANDING, June 20. —Mrs. Allan Brooks and son Allan Cecil Brooks left yesterday, Wednesday for North Ponder Island, where they will spend a vacation. They are not expected home until about the end of August.

Mr. and Mrs. Harry Glead recently to make their home after 24 years in Calgary. Mr. Miller was employed by the C.P.R. and has retired on account of ill health. His parents, Mr. and Mrs. J. Miller, are pioneer residents of Okanagan Landing.

Bamboo, a hollow-stemmed plant, has been known to expand 10 inches in circumference in a day.

SCREEN FLASHES

"The Bells of St. Mary's" continues its six day run for the re-union at the Capitol Theatre. Starring Bing Crosby and Ingrid Bergman, this picture has been highly acclaimed wherever it has shown. It brings, once again to the screen all the warmth of understanding that made its famous predecessor, "Going My Way," such a success.

When ten strangely assorted people, unknown to each other, are tricked into visiting a lonely house on an island somewhere in England—and discover that each is marked for death—the action gets off to a fast start in "And Then There Were None," which shows at the Capitol Theatre, Monday, Tuesday and Wednesday, June 24, 25 and 26. Starred are Barry Fitzgerald, Walter Huston and Louis Hayward with Roland Young, June Duprez, Sir C. Aubrey Smith, Missa Auer, Judith Anderson, Richard Haydn, Queenie Leonard and Harry Thurston.

Kelowna Employees Demand Increase

KELOWNA, June 15.—Two demands for new agreements for civic employees, which specify increases in wages, are now before the City Council for consideration. In addition to the Civic Employees Union, the bargaining agents for the electrical workers have submitted their requests regarding a 1946 contract.

The International Brotherhood of Electrical Workers, local B213, having been officially certified as union representatives, submitted for discussions recently an agreement, which had been studied by Alderman Jack Ladd. He reported that he found the new agreement fair, except that the Brotherhood asked for a large increase in wages. All holidays, including municipal, are asked for. Overtime stipulation is that the employees be paid time and a half up to four hours immediately following expiration of regular hours of work, and double time after that.

The Council has agreed to meet Union representatives.

Kamloops Asks Rail Link Joining P.G.E., C.N., C.P.

KAMLOOPS, June 14. —Citing the obvious advantages to the cattle, lumber, coal and other industries of the historic Cariboo, Kamloops Board of Trade has called on the provincial minister of railways to give deep consideration to construction of a link joining the Pacific Great Eastern at Clinton to the Canadian National and Canadian Pacific railways at, or near, Savona.

The proposal was enthusiastically approved by the 30 members in attendance.

Pleasant and Easy to Take before Breakfast

Fishermen Plunged Into Dilemma by Labyrinth of Roads Require Extrication

HEYWOOD'S CORNER, June 17. —Visitors from Canada to Washington are favorably impressed by the well-marked roads in that State whether main or secondary. What must be the impression on the minds of Washington visitors like those two carloads who called at a house Sunday night at 11:30 to be extricated from the dilemma in which the labyrinth of roads in this locality had plunged them? Coming from Falkland they were on their way to Mara Lake for some of the well-known fishing, but had only succeeded in getting off the track. Surely, if the province intends to benefit from the tourist trade it is worth a little trouble and expenditure to see that visitors can, even if they fail to catch their limit, have clear directions to their destined resort.

There was almost a family reunion, at least on the distaff side, on Thursday last when Mrs. J. R. Freeze, of Heywood's, had three sisters to call on her; Mrs. J. P. Duthie of Kamloops, Mrs. F. R. Mastel of Calgary who is visiting that city, and Miss C. E. Gamble, of Armstrong.

CASH MONEY

-and some of it may come your way!

Yesterday Farmer Nelson got over \$800 cash when he sold his grain. Through the processes of trade and commerce, some of that money may come to you. Banking service enabled him to obtain his money quickly.

The farmer doesn't have to wait for his money until his grain reaches the consumer... this is important to you, no matter where you live or what your work.

Farmer Nelson, and thousands like him, spend money for household and farm equipment, food, clothes, radios, paint and a hundred other things. This helps keep people busy all over the Dominion.

Your bank advances credit also to help farmers plant, cultivate and harvest crops of all kinds, to buy and raise livestock. Banking service is something like the good oil in fine machinery, you never notice it! But it is a prime factor in your prosperity... in the Canadian way of life.

Falkland Veterans Seek Canadian Legion Charter

FALKLAND, June 17.—Plans are under way to establish a local branch of the Canadian Legion. A meeting was called recently and was quite representative. Mr. Metcalfe is acting president and Mr. Aitken is acting secretary during the period the branch is getting established. The necessary ten members have applied for a Charter and expect, when it is granted that many veterans will transfer their membership to this branch since, having no local one here, men have joined the organization at other points.

After a lapse of 18 months, the United Church Ladies Aid has resumed meetings, the first being held at the home of Mrs. J. H. Phillips.

Sunday School, which had been closed since last September, has reopened with a greatly augmented attendance. 33 having registered up to present. Mrs. W. McCloudie, Mrs. Karyula and Mrs. Seaman are in charge. Interest is also being shown in the camp for young people being conducted by the Religious Advisory Council at Okanagan Lake during the summer. Several local young people have registered.

Beautiful Garden

One point on the Kamloops Highway is getting its full share of attention lately. It is the beautiful garden of Mr. and Mrs. Jessman. Only a color camera could do it justice. As it is situated on a gentle slope, it is clear of view from the road and during June is a gorgeous picture with masses of mauve sweet rocket, background, many clumps of cream bearded iris, oriental poppy, and foamy clumps of cerise tomentum tumbling over the white gypsum rocks which border the walks.

Mr. Jessman has been particu-

larly fortunate in raising two magnificent specimens of broom whose blossoms so completely cover the bush that the branches are scarce visible. The more credit is due because of the fact that the soil is very difficult to work with, possibly having an undue amount of gypsum, but Mr. Jessman has eliminated those plants which did not like the soil and successfully made them into choice suitable to conditions.

Mosquitoes Troublesome

Mosquitoes form the chief topic of conversation wherever people congregate these days. F. H. Wilmet, who has large tracts of hay meadow annually under water at flood season, and who has also been so afflicted, says the mosquitoes this year beggar description. One cannot see the color of the animals for the insects. Smudges are kept going, but have been put out by rain. Both horses and cattle are impeded and one horse was killed when it was bludgeoned by mosquitoes and rushed into the bush, getting pierced by an overhanging branch. Other people report varying degrees of misery. Mrs. W. Kelly, who has lived three miles south of town for 40 years, says they have never been so bad.

Rains of the past two weeks have greatly improved the crop picture and the need now is for plenty of sunshine. Insect pests have never been so bad and it is becoming impossible to operate even a small garden without a whole battery of insecticides. Cutworms are still terrible in spite of recent rains. A beetle, attacks the plants left by the cutworms and strips the leaves. Peas in some gardens have been hard hit. Early potatoes are doing well but late ones are slow in coming on. Strawberry and raspberry crops are fairly good.

Strikes Threat to Peace

There are two sides to every question. This I will always maintain. It becomes rather tiresome though when we hear only one side, and only a narrow warped slant on the other. We have had a great deal of this over the C.B.C. with regards to the woodworker's strike. I am in sympathy with both sides, and with all affected. Many of the accusations, and insinuations however have been most unfair—and stand as a direct threat to peace. Because of these I am going to bring up a few points that I sincerely hope will help change the generally accepted attitude. That all strikers are villains!

The insinuations that I mainly take umbrage to being a peace loving citizen; are that methods are being used "foreign to our country." "this communistic crowd," etc. Russia, according to my broadcasts today, is the root of all evil. Even if some in the insinuations are right, can this be a wise in the balance? We know she was a powerful ally, surely we have much reason to fear her as an enemy.

There has been more strikes on the North American continent than in any other country in the world. This is no imported seed, but a system, outcome of our economic gradualism, a higher standard of living, fewer working hours, and more security.

Everyone hates to see a strike, especially when it cuts production at a time when we most need it. We are hearing much about the shock factories being idle, no boxes for fruit; Europe starving. It wasn't many years ago when there was an abundance of boxes, and a great abundance of fruit. People were starving for it in our own country. But the fruit was dumped by the million tons. Many of these strikers remember that they are men with a past—but, hopes for the future. That is what's keeping them picketing. The working man always gets the blame. The millions of dollars spent on the Victory bonds in England would have run the shock factories crazy and supplied urgently needed food to thousands in Europe. What is there to celebrate till we know there will not be another war?

Many of these men on the picket lines are veterans of the last war. While in the Army they led a very care free existence. They had their clothes, board, spending money, travel, adventure. A good soldier doesn't think about tomorrow. War leaves funny hangovers. These boys are now looking for less worry and more security in civilian life. A good citizen thinks of his tomorrow, of his fellow workman, and his country. They know the depression that followed World War I. I don't think there is anything dishonourably evil in their motive. They are trying in a small measure to protect themselves against a second depression. That seems inevitable.

Fear of tomorrow is in all men's dealings. Labor, while doing a bit better since the war years, is looking for a better future.

MILLIONS OF PEOPLE

prefer Maxwell House Coffee. It's enjoyed in more homes than any other brand of coffee in the world. It's always "Good to the Last Drop!"

ing forward to an unsettled future. They are trying to protect themselves. Management also experienced a big boom. How long will it last? They are afraid to grant too many concessions now—what is ahead? Labor and management must realize that their futures are one! What benefit one gets, will benefit the other. Antagonism between union and management must be done away with. These men that are striking must not be condemned utterly. They are just human beings puzzled and worried about the future in a war torn world of misfortune. When labor, management, and administration combine their problems, and meet each other as human beings, then will we be a long, long way on the road to a just and lasting peace.

Sugar Lake Dam, Lumby.

Cater for Parties

Catering to six suppers and banquets netted the Salmon Arm group \$327.70 of the \$1712.33 raised during the year. Demonstrations in rug making, pie filling, laundering, two kinds of comforters, leather work and applique work were enjoyed. Old woollens were sent to Winnipeg to be re-made into blankets and rugs.

Famous Resort Officially Open

JASPER, Alta., June 17.—Jasper Park Lodge officially opened its twenty-fifth season here June 15 with the arrival of the first of 500 delegates to the annual convention of the International Rotary District. Unofficially the lodge has been operating for several days as this world known Canadian Rockies summer resort has been headquarters for the Paramount movie party headed by Bing Crosby and Joan Fontaine doing mountain scenes for their forthcoming spectacular technicolor film "The Emperor Waltz."

The lodge is practically booked for the season. Entries for the Toitem Pole golf tourney played in September each year, have come in, to such an extent that there are 300 applications for the 200 available places in the tournament.

The golf course was re-conditioned during its idle war years. John Stark, after several years in military service overseas, who has been with the C.N.R. hotel department for many years, has turned to take over management of the lodge.

Mrs. Margaret Stainton Laid at Rest in Kamloops

An early resident of Vernon who was widely known for her charitable enterprises was laid at rest in Kamloops Wednesday afternoon June 12 after a long illness, conducted by Rev. R. R. Morrison. She was Margaret Stainton, 83-year-old mother of J. C. Stainton of Kamloops, formerly of Vernon, and of Mrs. R. C. Weldon of Vancouver and Mrs. E. L. Austin of Liverpool, Eng.

Mrs. Stainton died in Kamloops Monday, June 10, after an illness of a few hours.

A resident of Vernon from 1907 until 1924, she was a life member of Women's Christian Temperance Union and the Baptist Women's Missionary Society.

When Tired Out! Sick! YOU NEED MORE LIVER BILE

Science says two plants daily, yet many get only one.

Liver bile helps digest your food and provides your body's natural laxative. Lack of bile causes headaches, constipation, indigestion, loss of energy. For glowing health tone up your liver and get needed bile with proven Fruit-A-Tives. Canada's largest selling liver tablets. Made from fruits and herbs.

FRUIT-A-TIVES LIVER TABLETS

MOTHERS! Try Cuticura Baby Oil. Gently, soothing, skin irritation.

NATIONAL CLOTHING COLLECTION STARTS TODAY!

Millions in War-torn Lands Need Clothing, Blankets, Boots

WHAT CAN YOU SPARE THAT THEY CAN WEAR?

MILLIONS in Europe and Asia are wearing the same few garments day in, day out... the only clothing they have. They give each other what help they can... but you can give so much more. For a while longer the ordinary people, those who caught the brunt of the war, depend on you. In hospitals the sick are lying on straw. Every single garment, each pair of shoes, each blanket or sheet that you can spare means hope for them. Go through your cupboards now. Give every bit of clothing you don't really need.

WHAT IS NEEDED...

- Overcoats, Topcoats, Suits, Jackets, Pants
- Shoes, Dresses, Skirts, Gloves, Caps
- Sweaters, Robes, Underwear
- Pyjamas, Bedding

Special needs are work clothes, underwear, shoes and warm garments. Wash cottons. Don't worry about pressing. Don't worry about buttons. The Canadian Allied Relief will look after these details.

WHAT YOU CAN DO...

1. Check through your closets and trunks. Make up your bundle of clothing, bedding, boots and shoes. Wrap it in paper and tie it securely. Tie shoes in pairs.
2. Take your bundle to the nearest collection depot or post office—you can include a short personal note with your contribution.

NATIONAL CLOTHING COLLECTION

JUNE 17 to 29... Sponsored by CANADIAN ALLIED RELIEF

MEET AND MIX FROM COAST TO COAST IN CANADA

Victoria the Beautiful

KIPLING captured the gracious charm of British Columbia's capitol when he wrote: "To realize Victoria, you must take all that the eye admires most in Bournemouth, Torquay, the Isle of Wight, the Happy Valley at Hong Kong... add... the Thousand Islands and arrange the whole around the Bay of Naples with some Himalayas for the background."

Oak trees, holly, hedge-bordered homes, unbelievably lovely gardens and the great stone pile of the Legislature conspire with the ivy-wreathed walls and towers of the Empress Hotel to offer scenic attractions for visitors unequalled on this continent.

Every part of British Columbia has its own beauty spots in amazing variety, and this year the greatest influx of tourists in our history is expected.

We can all do our part in making these welcome visitors feel at home. Friendliness and courtesy cost nothing, but they are the essence of true hospitality.

The tourist industry benefits everyone.

This message is the fifth of a series supporting the efforts of our Government's Travel Bureau and Provincial Tourist Associations. Offered in the public service by...

Farmer Suffers

In the present struggle between labor and management one section of the community is left high and dry—the farmer.

We are not taking sides in the I.W.A. strike, now nearly five weeks old. There are arguments for both interests. We only reiterate the statement expressed in these columns in the last issue of this newspaper, that the Government step in at once and so preserve the economy of this Valley.

It is the fruit which keeps the doors of Barnard Avenue stores open. Let this crop go unharvested, or marketed at a loss, then there is not one of us but will feel the impact.

It is the farmer, who bears the burden and heat of the day. For him there are no boards of arbitration; no security from anything, be it depression, weather, pests. Instead of a 40-hour week, he is working 16 and 17 hours a day in some instances to get his apples thinned, because, although metropolitan dailies tell us constantly of the thousands of men who wander about unemployed, none of them seem inclined to come to the country for their living.

A few seasons of good crops and fair prices have only partially made up to the agriculturist for the beating he took in the depression era.

Today, with the world hungry for food; with money in its pocket to pay for it; cherries are ripening on the trees. At Kelowna, Okanagan Lake is full of logs. But there are no boxes in which to pack the fruit, to produce which the farmer labors late and long.

True, the cherry crop is not as large as in 1944 and 1945. But it is a lucrative one, and our district orchardists are facing a big loss unless something is done at once to get boxes in their orchard rows.

For the sake of everyone concerned, it is to be hoped the wheels of industry will soon turn again, be they operated by management or Government.

Our Flag and Dominion Day

It seems to us that with the world in the mess it is that there are other more pertinent matters to occupy our friends at Ottawa than the long discussions held recently on a Canadian flag and changing the name of our national holiday.

The inclusion of the Union Jack in Canada's flag only represents those qualities that have contributed to our growth as a great nation. The Union Jack stands for ordered freedom, personal liberty and equal justice. With it, Canada has grown to maturity and nationhood. It stands for our membership on a basis of complete equality in the British Commonwealth. In this symbol is all that is best in our past and future.

There is the Dominion Day controversy. July 1 is our national holiday, and the original measure was enacted in 1879 when it was introduced in the Senate. It was passed by its members then and by the House of Commons, and ever since has been carried in the Statutes of Canada and has been the law of the land. In the Commons Hansard of 1879 it says "... Throughout the Dominion of Canada in each and every year, the first day of July, not being a Sunday, shall be a legal holiday ... under the name of Dominion Day." Which makes it clear that while the name Canada was retained as the name of this country, the name Dominion Day was chosen as commemorative of the fact that on that day the three provinces, Canada, Nova Scotia and New Brunswick were joined in a union as one Dominion. That is a recital of a historical fact.

The test of time has shown the fitness of the name.

The word "Dominion" was selected, not as the name of a country, but as a descriptive term by a great Canadian, Sir Leonard Tilley, and it has been authoritatively stated by his son that Sir Leonard got the inspiration for the term from the 72nd Psalm, where, in the 8th verse, it reads: "He shall have dominion also from sea to sea ..."

Reasons given for the change are that the national holiday should bear the name of our country; another is that other countries will then understand we are an independent nation.

We do not think either of these provide sufficient cause for a change in the name of Dominion Day. It has become an institution.

Let us not turn our backs on the past or forget that we are what we are today because of our past.

To hold fast to our great institutions is our best guarantee that our house is built on strong foundations.

Cure for this Hour

Too much is said about our nationwide disease, this slow inertia that would halt the reach and function of our nation's stride

And make its citizens not worth their salt, Wasting their precious living to exalt Men of constricted heart and toughened hide—

Leaders too arrogant to claim the fault For greed and hatred and for wilful pride.

Too little still is thought about a cure—The turning from false gods, the childlike heart

That fastens on the truths that must endure And bring to wholeness what is torn apart.

To love God first with all our native power And others as ourselves can save this hour.

FANNY DE GROOT HASTINGS

City's Dog Nuisance

Barnard Avenue merchants who have raised objections to the nuisance created in the business section by uncontrolled dogs appear to have a perfectly justified complaint. It has become increasingly apparent in recent months that no steps are being taken whatever to keep in check the number of dogs wandering loose about the streets of the downtown area. This also applies to quite an extent to the residential portions of the city.

There are approximately 375 dog licenses issued in the city. It is impossible to tell how many dogs are unlicensed but the number is probably fairly large. If even a minor proportion of this canine population is allowed to have free run of the city the nuisance created is considerable.

The city has not had any success in securing the services of a dog-catcher but despite that the onus for the control of dogs, licensed or unlicensed, is not on the city but on the owners. If they are unable to effect the necessary supervision of their pets then they should be deprived of them or their responsibility should be emphasized by police court proceedings.

There is another point worth consideration. The hot months of the year are approaching and during those months dogs are likely to be miserable and short tempered. Under such conditions, small children might easily suffer injuries from the bands of strays which are constantly roaming the streets.

It is not enough to say that something should be done to curb the nuisance. Something must be done, and now.

From the FILES OF THE VERNON NEWS

Ten Years Ago—Thursday, June 18, 1936
On Wednesday, by a unanimous vote, the Supreme Court of Canada handed down a judgment finding the Natural Products Marketing Act entirely ultra vires. This decision, delayed for nearly five months after Chief Justice Duff and his five red-robed fellow judges had concluded their formal hearing of legal arguments, has burst like a bomb-shell in the Okanagan Valley, as in other areas where control of marketing products has been established. However, the reaction here is by no means one of complete dismay, and there are strong hopes for satisfactory remedial developments before the apple crop gets under way in the fall.

Twenty Years Ago—Thursday, June 17, 1926
The "Midway Red" Wall, manager of the big Vernon Stampede has secured a record entry of outstanding riders and large crowds expected from all parts of the Interior.—Efforts are being made to find a permanent home for the Scouts and Guides of Vernon, and a building committee has been formed.—The City of Vernon has decided to insert a full page advertisement in The Montreal Guardian's special supplement of this province.—Vernon is to have the honor of entertaining the Rt. Rev. and Rt. Hon. the Archbishop of Winnipeg, Bishop of London, in September. He will be the guest of Rt. Rev. A. J. Doull, Bishop of Kootenay.

Thirty Years Ago—Thursday, June 22, 1916
The Mexican situation is becoming critical. Unless the rebel Carranza backs down, war with the United States is bound to result.—There are now well over 5,000 men in the central training camp here with Col. R. W. Gregory in command.—The Vernon News is in receipt of the first copy of the Kamloops Sentinel, an eight page weekly, which succeeds the Inland Sentinel which recently went out of business after many years' service.—Among the works contemplated by the citizens' camp committee for the benefit of the soldiers is the construction of a large swimming pool in Polson Park.

Forty Years Ago—Thursday, June 21, 1906
It is understood that a branch of the Salvation Army will be started in Vernon in the fall.—At a meeting of the Police Commissioners on Friday last, R. M. Stewart was appointed constable in place of W. Heron. Mr. Stewart has had experience in this work in the Old Country.—A change will be made in the Post Office arrangements with Okanagan Landing whereby that centre will receive mail every day instead of only twice a week.—A game of baseball of exceptional interest was played between the ladies and a mixed lot of men one evening during the week. One of the restrictions placed on the sterner sex was that they could play with their left hands only.

Fifty Years Ago—Thursday, June 18, 1896
A few business licences, chiefly of Chinese laundries, have not been paid and prosecutions will follow shortly.—A proposal for lighting Vernon streets was considered by the City Council Monday evening.—Alderman Pound states that in future the firebell will be rung on Sundays for morning and evening services in the churches.—Two young men were given a severe lecture in police court on Monday by Magistrate C. W. Ireland on a charge of being drunk and disorderly. It was shown by evidence that they had taken a team of horses from the Vernon Hotel and had driven furiously up Barnard Avenue without having control of the horses.

French Sugar Beet Acreage Increased

Production of 600,000 tons of beet sugar is forecast for the 1946-47 season in France. A 50 per cent increase almost over the 1945-46 yield of 404,000 tons.

A Friendly Chat

By MABEL JOHNSON

The thoughts of a great many people are now turning towards holidays; those most glamorous two weeks of all the year when we are free from the shackles of work and the trammels of hum drum existence. We set forth on a great adventure. Greenness of far shores allures. We forget bosses, customers, deadlines and alarm clocks. We turn our faces towards a promised land.

"What is one man's meat is another man's poison," says the old proverb. The kind of holiday which looks like heaven to one person is avoided at all costs by another. So, at the outset, do not enter into any partnership for your vacation unless you are both like-minded, or unless you have an agreement beforehand to each follow your own inclinations. If you are with someone who likes to window-shop when all you want to do is to lounge in the shade with something to read, either of two things will occur: you will endure your aching feet and preserve a friendship; or else your companion will eye you coldly and say you are a killjoy; that you are a nice one to go on a holiday, leaving her to find herself about alone, etc.

Take Ration Book
Unless you have an invitation from someone who is very close to you and whom you know has room to put you up, stay at a hotel, even if it means re-budgeting. If you do stay in a home, take your ration book.

To get the best out of a holiday, the environment should be the opposite to that in which you live. If you live in a quiet place, don't go to another quiet place for your holiday. The country is for city folks; the city for country and small town people.

Before you start, examine your finances. Put down on paper what you can afford to spend and how much it can be divided, leaving a margin to take care of the rise in cost of everything; and then forget about money. Don't start worrying about the expense of your holiday the moment you start, but don't budget down to the last cent you have in the world. Remember to allow a little extra for tips, taxi and car fares.

Allow ample for meals, as they are higher in price than they used to be; and if you find the cooking in a certain place, (within your budget) is good and agrees with you (in these days of short sup-

plies of cooking fats and other ingredients this is a factor), stick to that place. Don't be lured into a restaurant which appears a little cheaper. You may rue the day. Go Prepared.

Get your wardrobe ready before you go, unless you especially want to shop around. You may waste many hours of glorious weather in an elusive hunt for a little hat or a frock within your means.

The old standbys—your suit, afternoon and perhaps evening dress and shoes always stand. Take extra blouses, one dressy if you have it, white gloves and perhaps an extra purse. If you can make one hat do, so much the better. Your sportswear should be decided on the basis of where you intend to go. If you are going East, take plenty of cottons.

If you are travelling on the train it will likely be hot. One of the nicest frocks I have seen for such a trip is a soft grey with fine white stripes made with the new cap sleeve. This, with a pastel top coat, is cool and attractive. If you are travelling by plane in Canada or the United States there is a limit for your baggage. Be sure to stay within this, which includes of course the weight of your suit case. Do not hope an extra five pounds or so will be overlooked, because it will not. You don't want to be throwing out shoes, etc., at the air port.

You can, however, carry a coat, perhaps a light cosmetic case and a camera over your shoulder. These are not included in your baggage weight. This does not apply to trans-Atlantic flights, but it is not likely that anyone who reads this can aspire to that kind of a trip; at any rate not for a time.

Think Ahead

It is as well to pack (and I am advising the average girl or woman) a little box of mild soap flakes to launder your stockings and underwear. Hotel rooms, of course, say you can't do this; but to rinse these out at night and place them near the window to dry is no crime and will hurt no one. There are ironing facilities in most hotels, and it is possible to press a dress or skirt. Take a throat gargle, also adhesive tape in case you scuff your heel. Pack your shoe cleaning equipment and a mending kit for snags and tears; plenty of coat hangers and shoe trees. You will find hangers in short supply in hotels these days.

"Most Anything"

By STUART FLEMING

Woodworkers March on Victoria, read the headlines. The I.W.A. provided the circus but who provides the bread?

It is reported that 42 French-speaking members of the House of Commons and 12 English-speaking ones have signed a petition addressed to Prime Minister Mackenzie King that the Union Jack not be included in any Canadian flag design.—Those fellows had better be careful. Someone is apt to start a petition that they not be allowed to include peas in their soup.

A discontented and resentful Europe squeezed between the "military imperialism of Russia and the economic imperialism of the United States" will turn either to Germany or to Great Britain for leadership in the coming years, a professor of history at McGill University told a recent meeting.—Goodness gracious, wasn't it agreed just a few months or so ago that Germany would never again be in a position to lead anyone anywhere?

The last ships for the U.S. Navy's atom bomb tests at Bikini atoll sail in the warning from Anatol J. Schneiderov, seismologist, that he fears there may be no survivors to report the explosion.—In other words, Anatol fears an atoll's end.

State secretary Paul Martin told Ontario's Elgin county Liberals at their annual meeting: "This country doesn't like war. This country

doesn't want war. Like Britain, this country has no warlike ambitions, and we don't want to be continually sending our sons into other countries to fight."—But we send them just the same.

Gen. Draja Mihailovic is apparently determined to go down fighting and it looks as though he is going to take a lot of reputations down with him.

Jimmy Lunceford, touring negro band leader says: "I have noticed while on tour that people don't like swing as much as they used to."—Did they ever?

Attorney General Gordon Wismer is going to study the "pub" system while he is in England in the light of possible modifications of the B.C. liquor laws.—Might it be suggested to Mr. Wismer that rubber-tipped darts only be used in the "pubs" of this province.

Retiring chairman of the British Labor Party, Professor Harold Laski, has said: "I thank the journalists for the devoted attention they have given my activities. Never in the history of mankind have so many followed just one. The skeleton now goes back to the cupboard."—No doubt the cupboard will be wired for sound.

The executive secretary of Vancouver's Family Court says, "sex, money, drinking, jealousy and in-laws lie behind most broken homes."—Does he infer that there could possibly be something else?

As I See It

By ELMORE PHILPOTT

In Search of Friends
By the time this gets into print I shall be well across Canada, on a look-around trip. It's an awful confession for a newspaperman to have to make. But Canada is such a peculiar country that unless you travel across it yourself from time to time you can't really find out what's going on.

This year—besides taking a month's real holiday in July—I'm going to spend some weeks on the prairie—some in Central Canada—and then go to New York in September for the United Nations meeting.

I specially want to look around Saskatchewan—to find out to what extent, if any, the C.C.F. government has made possible a better life for the common people. I am going to speak at the Algonquin School of Religion—which is an outdoor affair at a beautiful spot in the foothills, west of Calgary.

But, before I get back to the prairies, I am to have the real honor of speaking in Toronto and Montreal to four of the Soviet journalists who have just concluded their tour of the U.S., at the invitation of the State Department. One is noted Tyn Ehrenburg, another is Simonov, playwright, poet, an novelist. The third is Major-General Glinkov, of the Red army newspaper.

The general theme of these meetings is to be "the people of the world want peace." Maybe these three key people—who probably write for more readers than any other three journalists anywhere—will take back to their country a warmer feeling than they might take from reading only the columns

of the anti-Soviet press—which is, of course, in the great majority on this continent.

The building of friendship between the Soviet and the West is the most important job of our generation. If we succeed in that, there is nothing vital in which we need fail. If we fail, there is nothing in which this generation can fail to succeed—for the best of all reasons, that a large part of this generation will be wiped out.

Everything in which I believe in life might be summed up thus: It is not only possible, but imperative to reconcile the western, democratic way of life with that of the Soviet.

To do that we each have to abandon some things which we are now doing which are wrong. We both need to take a leaf or two from the other fellow's book. The Soviets need to adopt more western-style freedom—to open up their country, both ways, to information and travel. On the other hand, we need to adopt the main benefits of social planning and ownership for all the people, for full production and full consumption.

What is left of our generation still has its rendezvous with destiny—and it will be found half way between Moscow.

We shall meet—the Soviets and ourselves—halfway between the centre of our way of life and the centre of theirs.

We shall meet, either with atom bombs in hand, gerin warfare travelling both ways—enough hell lot loose to write the end of the world—or we shall meet, as we shall meet to come to terms, as friends and partners. I'm for friendship.

Vernon's

MEMORIAL DRIVE

OPENS

Monday, June 24

WITH AN

Objective of \$20,000

THIS MONEY WILL BE USED TO IMPLEMENT A PROMISE MADE IN PUBLIC MEETING, TO PROVIDE SOME MONUMENT AS TANGIBLE EVIDENCE OF VERNON'S CITIZENS GRATITUDE TO THEIR GALLANT SONS.

The Legion War Services building will be purchased and donated to the local branch of the Canadian Legion, to be used by the members as their club room, and also has a public hall for the many functions which in the past have been so handicapped for lack of suitable and large enough quarters. In addition plans have been prepared for the enlargement of the Cenotaph as a memorial to those men who will not return.

CANVASSERS ARE ORGANIZED TO CALL UPON EVERY HOME AND BUSINESS IN THE CITY.

THEIR SLOGAN IS

"Buy a Brick"

Official receipts will be issued for all donations, and may be used when compiling income tax returns.

THIS IS AN URGENT APPEAL TO ALL VERNON CITIZENS... LET US ALL RALLY TO THE TASK AND PUT THIS DRIVE OVER THE TOP.

WE'VE DONE IT BEFORE AND WE CAN DO IT AGAIN... THIS TIME IT IS FOR OUR OWN SONS.

BUY A BRICK

Memorial Drive headquarters are located in the Red Cross Rooms behind the City Hall. Donations may be left there if this is more convenient.

This drive is under the sponsorship of the Corp. of the City of Vernon, assisted by all fraternal and service organizations.

FOR SALE
FORD 3-TON TRUCKS

Subject to prior sale or withdrawal, War Assets Corporation invites offers for the purchase of, in lots or multiples of twelve, a quantity of Ford 3-ton trucks, located at railway sidings, Windsor, Ontario. Description and conditions of sale are outlined below.

DESCRIPTION: Manufacture, Ford 3-ton; wheel base, 158"; four wheel drive; right hand steering; designed to use 10.50x20 tires single all round. **NOTE:** Trucks consist of chassis and cab only, no tires or bodies included. So far as can be ascertained, each truck is complete to the extent stated, but there may be shortages of a minor nature which the manufacturer can supply under their usual terms.

These trucks were prepared for shipment to Allied Armies Overseas, there to be assembled in Ford Company plants, and were packed in units of twelve in a completely knocked-down state. Each unit of twelve vehicles consists of approximately 28 to 30 cases, totalling an estimated weight of 97,000 pounds and an approximate cubic measurement of 3200 ft.

Investigation indicates that it is impossible to assemble these trucks in the Canadian Ford plant without seriously interfering with that company's reconversion programme.

The minimum to be sold to any individual is a unit of twelve trucks (it is not practical to break down this unit). They will be sold "on" location, railway sidings, Windsor, Ontario.

These trucks will be sold on an "as-is-where-is" basis. Offers to purchase must be accompanied by a certified cheque or bank draft in the value of 10% of the offer, made payable to War Assets Corporation. If the offer is accepted, the purchaser must forward a certified cheque or bank draft for the remainder prior to delivery being taken.

The purchaser shall take delivery of the entire quantity involved in his offer within thirty days of completion of sale to him by War Assets Corporation.

War Assets Corporation reserves the right to accept or reject any offers to purchase. Cheques or bank drafts will be returned to those whose offers are rejected.

Offers to purchase will be received until:

FRIDAY, JULY 19, 1946,

by the Special Sales Division, War Assets Corporation, No. 4 Temporary Building, Lyon Street, Ottawa, Ont.

NOTE: The retail ceiling price to any consumer to whom the trucks may be sold by the original purchaser will be that price fixed by the Wartime Prices and Trade Board. This retail ceiling price, exclusive of freight and servicing charges which are also fixed by the Wartime Prices and Trade Board, is \$1,395 for chassis and cab only. If the material offered for sale is utilized to produce a vehicle differing in specification from that described and for which it was produced, the retail price might alter.

Oyama Group Raises \$125 At Annual Garden Party

OYAMA, June 18.—The gardens at "Hillsborough" were never more lovely, with the peonies at their best, than on Tuesday, June 11, when the Women's Auxiliary of St. Mary's Anglican Church, Oyama, had their annual garden party. The affair was held as usual through the kindness and special request of Mrs. A. G. R. Prickard. Stalls were arranged on the lawn and a public address system, loaned by the Community Club, was hung in the trees to facilitate the reception of a musical program. A. B. Smith took care of this feature.

The excellent needlework stall was in charge of Mrs. A. A. Evans and Mrs. S. Holton. Home produce was sold in the small garden house, in charge of Miss F. Hicks, Mrs. E. J. Wright and Mrs. B. Bunney. A ham had been donated by Mrs. Prickard and its weight guessed, won by Miss Ethel Tyrell. A glass coffee maker, containing corn kernels, was used in a contest, with the pot as a prize, won by Mrs. A. A. Evans. Rev. A. R. Lett assisted in many ways during the afternoon.

Before tea was served there was a short program as follows: Dance, Highland Fling; Maureen McClure, Pat Sproule and Beth Walker, who also contributed a Welsh dance and gypsy dance. Mrs. William Lees and Mrs. W. Seaton, the latter of Winfield, sang solos.

Tea tables were arranged on the verandah, those in charge being Mrs. V. Ellison, Mrs. R. M. Tucker and Mrs. F. Rimmer. Looking after the house and preparing tea were Mrs. A. R. Evans, Mrs. S. T. Towgood and Mrs. A. Gray. During the tea hour Miss Gertrude Tucker played several piano solos. Mrs. A. Seaton Smith convoked the musical program. A. A. Evans and Harry Hicks looked after the gate.

Bean bags for the amusement of the young people were in charge of Mr. Despard and S. Holton, who assisted in various ways during, and preparing for, the affair. Approximately \$125 was cleared from the afternoon. The committee is grateful to everyone who assisted in making the affair such a success.

Mrs. R. Allison presided at the regular meeting of the Kamalaka W.I. on June 13. Mrs. F. Rimmer gave a report on agriculture and

Ewing's Landing Storekeepers Move Business to Highway

EWING'S LANDING, June 18.—Ewing's Landing was a busy spot on Monday when the stock-in-trade of the old store by the lakeshore, for many years operated by Mr. and Mrs. Peter Lawrence, was moved to a building recently erected on the land immediately south of Ewing's Landing School, facing the highway. Mrs. M. and Mrs. Byers, with their family, will occupy a new residence erected on the same site.

By locating the store on the highway it enables the owners to cater to the needs of passing motorists, and it will be a convenience to residents, obviating the necessity of going down a long, steep hill.

Business will be carried on under the firm name of "A. J. and L. Byers, General Store." The rows of shelves stacked to the ceiling with new merchandise augur well for future trade. The good wishes of the community go to Mr. and Mrs. Byers in their new venture. Visitors at Ewing's Landing during the past week were J. Boyd, and Joe Hunter, husband and brother of Mrs. Boyd who for some months has been teaching school at Ewing's. Mr. Hunter will remain the guest of his sister during the coming week.

Beaver C.C.F. Club Considers Changes In Election Act

The monthly meeting of the Beaver C.C.F. Club was held last week at the home of Mrs. P. H. Hurlbert. After the regular business, amendments to the Election Act were considered, and the Club's findings sent to the Provincial office.

Mrs. L. Norman of Oyama gave an interesting address which was followed by a general discussion. The evening concluded with the serving of refreshments.

The average opossum at birth is so small and light that it would take 270 of them to weigh an ounce.

from the day's undertaking. Harry Danforth left June 10 for Blue River where he will spend a few days in connection with timber interests in that district.

Mr. and Mrs. Danforth received word a few days ago that their son, N. Norman, has arrived in Canada from Overseas. He was among the first local men to go to Europe and is among the last to return, having been in occupied Germany when peace was declared.

BRIDE FROM SCOTLAND

Far from her Caledonian shore, Still she can hear the bagpipes playing, And vision above the misty moor The grouse's dark wings swaying.

But a Scottish lass may never frown

In fair or stormy weather, Though she builds her life in a southern town And sings of highland heather.

—Alma Robison Higbee, in Montreal Daily Star.

Dr. Chase's Nerve Food

—grain grower, stock raiser, dairyman, fruit grower and market gardener!

During the War years you fed the armed forces and civilian population, not only of Canada but of a large part of the Allied world. That was a big job, and it was well done.

To-day you have an even bigger job. In the Old World millions are either star-

ing or on the brink of starvation. For the bare necessities of life they must depend almost entirely on the New World. They look to the farmers in more fortunate lands to save them.

Discuss with our local Manager your financial requirements to reach your production goal. He will explain fully the Farm Improvement Loan plan and other ways in which we can serve you.

something more

Your family will expect something more than business efficiency from the executor and trustee of your estate. The intangibles naturally count for a great deal; complete but simple explanations, counsel and assistance on family matters, an understanding approach, are all-important to the comfort and contentment of beneficiaries. Appointing this trust company under your Will means that your family will deal mainly with a single experienced Officer. The services to your estate will be channelled through him; he will consult with your family on every important decision and keep them in touch with the progress of their affairs. They will have a human and personal relationship with this trust company. We invite your inquiries.

B.C. AGRICULTURE, GREAT IN WAR, MUST BE GREATER STILL IN PEACE

SOILS AND FERTILIZERS SERVICE TO FARMERS

SOIL ANALYSIS SERVICE:

The Department of Agriculture maintains a complete soil testing laboratory in Victoria. Here, B.C. agriculturists may obtain free expert advice on soil analysis, suitability for proposed crop growing, and fertilizer mixture necessary.

SOIL SURVEYS:

Soil surveys, mapping and reporting on over 4,000,000 acres in various sections of B.C. have been continuously conducted by this Department, since 1931, in co-operation with the Dominion Government.

FERTILIZER COMMITTEES:

The B.C. Fertilizer and Agricultural Poisons Committee acts in an advisory capacity between consumers and producers of fertilizers and maintains supervision over recommendations and informative literature issued to the public. This Committee is a composite group of men drawn from the Federal, Provincial and University Agricultural Departments and the Fertilizer Industry in British Columbia. Copies of the Committee's recommendations are available on application to the Publications Branch, Victoria.

The British Columbia Lime Committee clears applications for subsidy on transportation charges of lime. The Department of Agriculture pays the farmer \$1.00 per ton, when such application has been passed through this Committee. In the period 1944-45, 434 applications totalling 5,554 tons of lime, for agricultural purposes, have been received by this Committee—showing a marked increase over totals when first this Committee was organized. Farmers are urged to take advantage of this subsidy.

The Department of Agriculture is constantly striving to improve the scope of its service to B.C. farmers and so help to increase production with a maximum of efficiency.

FOOD WON THE WAR... FOOD WILL WIN THE PEACE

Individuality IN INVESTMENTS

What is right for one may not be wise for another—in the realm of investments.

That is why, when investing for clients, we give close attention to the particular circumstances of each individual account, and—within the scope of our powers—select investments best suited to the special requirements of the account.

This is a most important and valuable feature of our investment service as applied to estate, trust and management accounts.

Commissioner Named for B.C.'s One-Man Milk Board

E. C. Carr, Milk Controller for Saskatchewan, has been appointed Commissioner of British Columbia's one-man Milk Board, it was announced by Hon. Frank Putnam, Minister of Agriculture.

The appointment was announced after a meeting of the executive council last Friday morning.

The milk board will have control of prices of milk in the Province, effective from June 30, when the federal control of B.C. milk prices will end.

Veterans' Land Act

The Provincial Government has signed an agreement with the Federal authorities under which the department administering the Veterans' Land Act will have 1,000,000 acres of crown land made available for the settlement of war veterans, it was announced by Hon. E. T.

Kenney, Minister of Lands and Forests.

Under this agreement, veterans from any part of Canada may participate in the settlement scheme and the Ottawa authorities will assume full responsibility for the areas thus settled. Prior to this settlement, lands had been reserved for British Columbia veterans only. The selection of areas to be opened up will be made by the Federal authorities.

The new plan applies only to the interior and not to the Coast. Conditions in the latter area being entirely different.

Hon. G. S. Pearson, Minister of Labor, has announced that on July 1, a 44-hour week would come into effect for coal miners and that on August 1, legislation passed some time ago granting a 48-hour week for firemen would be proclaimed.

Fruit, Ground Crops in Area Making Rapid Growth

With weather conditions up until the first of this week cooler and considerable precipitation during the preceding fortnight, rapid growth is being made in all crops in the Vernon and Armstrong and Oya areas. Irrigation supplies are plentiful and flood water is still in use.

That there is now some indication of crop prospects, although the drop in most tree fruits is still in progress, is stated this week by Horticultural authorities here. A heavy drop is being experienced in many McIntosh blocks and the same condition appears as well in old blocks of pears.

Sweet cherries promise around a 65 to 70 percent crop of the past two heavy years, with pears showing the heaviest and most uniform set yet experienced. Apricots and peaches are sizing rapidly and the thinning of these fruits is well advanced.

The thinning of Duchess and Wealthy is now in progress with labor shortage seriously hampering this operation. In small fruits the strawberry crop is ripening rapidly and going freely into the local market. The raspberry crop will not be as heavy as first anticipated a lot of the side growth failing to produce blossom heads.

In the vegetable fields all crops are making rapid growth. Beets and turnips are showing freely in the local stores and carrots and early potatoes from a few very favorable locations will move in within the coming week. Potato stands show exceedingly healthy and uniform growth indicating a good crop of tubers forming below. Although the onion acreage is considerably increased, many fields have been heavily thinned with wireworms and onion maggot.

The tomato acreage, also increased, is showing excellent growth. Head lettuce of excellent quality is moving very rapidly from the Armstrong district.

In general farm crops, many fields of dried peas are in bloom and the general growth and stands are excellent. Winter wheat and rye are in full head and showing excellent stands. The heavy rains and wind are combining to put some of the heaviest growth fields down. The cutting of first cut alfalfa is now under way but being held up somewhat by showery weather. Yields of this crop promise to be very good.

Pest conditions in general are about normal. There has been over the past month, very heavy emergence of Codling Moth, and Cutworms have taken their toll of a number of ground crops. Grasshoppers in various stages of development are generally distributed throughout the district, but the infestation does not appear as heavy as the past three seasons.

Salmon Arm, and Main Line Points. Cooler temperatures have prevailed for the past 10 days and there has been heavy rainfall throughout the district. Conditions for plant growth are excellent and there is abundant soil moisture at the present time.

In the orchards, thinning is now in progress. Fruit trees generally are looking healthy and putting on good growth. There is a good set of apples and pears, and at Salmon Arm and Sorrento there is practically no set showing so far. The last control spray for scab is just about completed. Cherries are sizing well. Very few orchard pests or diseases are in evidence, though Cherry aphid is giving some trouble.

The strawberry crop looks very promising and a few are coming in at Salmon Arm, but there will be no considerable volume (ill next week. The shortage of crates is causing much anxiety and there is a possibility that the bulk of the crop will have to be processed.

Vegetable crops at Kamloops, Ashcroft and Lillooet are now making excellent growth though cutworms continue to give trouble in the Salmon Arm area both on vegetable crops and young fruit trees.

Apple buds are heavy and having commanding but weather conditions are rather unfavorable. Thinning is well advanced on peaches in the Kelowna area and is becoming general on pears and apples. All tree fruits, with the exception of cherries show excellent prospects. Two species of codling moth parasites have been released at two points in Kelowna.

Thinning Peaches In South. In Summerland, Westbank and south, apricot thinning is over and peach thinners are busy. Early apple thinning is finished, with McIntosh sizing rapidly, ready to thin and showing a heavy crop. Cherry picking will be general before the end of this month.

Ponticton, Naramata and nearby district sustained some damage from a hail storm recently. This was spotty, owing to the nature of the storm, but in those orchards where the hail struck, damage was heavy. Unsettled weather has interfered with the spray schedule, with the result that many growers are behind with this work. Thinning of apples is fairly general in peaches and pears.

Cornish and Black Tartariff cherries are being packed in Oliver and Osoyoos, with the Bing's start-

Newcomers Seek to Make Home in Mara District

MARA, June 17.—Mr. and Mrs. F. Dickson and family arrived from South Westminster last week and are staying on the Gordon Parker property while they look around for a home of their own.

Congratulations are being extended this week to Mr. and Mrs. John Makella on the birth of a daughter in the Enderby hospital on Tuesday.

James Anchikowski, of Victoria, visited his brother-in-law and sister, Mr. and Mrs. E. Rosoman, last week, spending several days in the district with relatives.

Mrs. R. Macready returned home from Kamloops on Tuesday morning having spent two weeks there with relatives.

Art Witla spent the past week-end here, leaving on Sunday for Bow River where he is working for the C.P.R.

Mr. and Mrs. C. Kilt were business visitors to Enderby on Monday.

During the Middle Ages it was the custom to write letters together in the lines without breaks or pause marks for either words or sentences.

Upper Grades of Holmwood Monte Lake Schools to Be Consolidated at Westwold

KAMLOOPS, June 14.—By secret ballot taxpayers and parents of school children attending the Monte Lake and Holmwood schools indicated they preferred that the school consolidation at Westwold, proposed by the Kamloops Large Municipal School District, No. 24 board of trustees, be confined to children in grade 7 and higher.

The preference was recorded at a conference at Monte Lake which arose from a petition sent from Monte Lake to the department of education protesting the proposal to consolidate at Westwold all the educational facilities for the district between Holmwood and Westwold.

Peter James Watson Laid at Rest Here

Final tribute was paid on Tuesday, June 11 at rites conducted by Rev. Canon H. C. B. Gibson from All Saints Church for Peter James Watson, or "Uncle Jim" as he was affectionately known by many of the younger generation. Mr. Watson, who was born at Stratford, Ont., died in Vernon Jubilee Hospital on Saturday, June 8.

He first came to the Okanagan Valley about 34 years ago and resided with his parents, at Lavington, for about a year, before returning to the Coast to live. From then on he was a frequent visitor and on his retirement in 1933, he returned, to live permanently with his sister, Miss Margaret M. Watson of Hillhead, in this city.

Until quite recently Mr. Watson was most active for his years and spent much of his time and energy on his two main hobbies of gardening and wood working.

Interment was the family plot in the Vernon cemetery. The ceremony was attended by a nephew, Noel Gillespie, of West Vancouver, and a niece, Mrs. Tom Watson, of Kelowna.

Mr. Watson is survived by two sisters, Miss Margaret M. Watson and Mrs. Robert Gillespie, of Hillhead, Vernon.

The Official Gazette in Paris publishes a new law whereby any official or employee of the public services is entitled to three days' special leave each and every time he becomes a father. The three days may or may not be taken consecutively but must be taken within two weeks of the event. The fathers who approve their pay after their leave, employers being reimbursed from family allowance funds. No mention is made of similar rewards for mothers.

"... swords into
ploughshares..."

But the Ploughshare WAS your Sword of Battle...

No one worked with stouter heart or stronger arm than the Canadian farmer to win World War II.

Through six long years of war, while half a million farmers left their ploughs to take up arms in combat or make them on the home front, men and women on the farm laboured from dawn till dusk — and after — to supply food for war... in millions of tons.

The ploughshare was the sword of battle...

And now, with peace so dearly won, the farm people of Canada are turning their energies to lighten the suffering of war-torn and famine-stricken lands — toiling to hold and even raise production — still fighting to build a better world for all men.

Proudly, the Bank of Montreal salutes these men, women and children of Canada's army of agriculturalists, who now turn their sword of battle to the tasks of peace.

BANK OF MONTREAL
